## CANADIAN VOTE IS HEAVY

Balloting on Reciprocity Sets New Mark for Numbers in North

Sir Wilfrid Laurier Casts His Ballot Early; Borden Does Likewise

MONTREAL, Sept. 21.—Canada is polling today the heaviest vote in its history, to register its decision as to whether the government and reciprocity are to be endorsed or defeated.

In all the ten provinces polling booths were opened at 9 o'clock and will close at 5 o'clock this afternoon. The Australian ballot system prevails throughout the dominion. Even in the smallest constituencies an hour will be required for the counting of the votes, so no result will be known before 6 o'clock. As many ridings are very large and their population is widely scattered, the results in them will not be learned until after midnight. However, unless the decision is very close enough constituencies probably will have been heard from before 10 o'clock to indicate accurately the general result.

214 OUT OF 224.

Today's vote, being taken in 214 of the 224 constituencies, several are not voting. Three of these counties gave their decision on nomination day a week ago, returning government supporters by acclamation. In the remaining four, owing to a wilder condition which has heard little of preparations, voting has been deferred two weeks.

When the polls opened this morning there were crowds of electors at almost every city booth, waiting to cast their votes. Among those who deposited their votes early were Sir Wilfrid Laurier and R. L. Borden, the opposing leaders. Fred Laurier voted in Quebec at 10 o'clock and about the same hour Borden cast his vote in Halifax. The organization of each side appeared to be working smoothly. Both sides continue to express confidence.

**DAY IS FOGGY.**

WINNIPEG, Sept. 21.—Election day in the greatest political battle in Canadian history was ushered in with a heavy fog, following the rain of yesterday. It is impossible for farmers to carry on their threshing operations and the result is a heavy vote is being polled in the country.

In this city 600 provincial constables, 200 dominion constables and a vigilance committee of 1200 Liberals are guarding the polls to prevent "permutation" and "plugging."

There are 28,000 voters here and

## General Grant Heads Canal Zone Forces

President Taft Places Troops at Isthmus Under Division of the East

WASHINGTON, Sept. 21.—For military purposes, President Taft has placed the Panama Canal zone in the eastern division of the army, commanded by Major General Frederick D. Grant, with headquarters at Governors Island, New York. The Tenth Infantry already has been ordered to Panama and before the canal is completed an entire bridge will be stationed on the zone for the protection of the waterway.

## Municipal Congress Discusses Government

CHICAGO, Sept. 21.—The business end of city government was considered at today's session of the international municipal congress. It has been decided to hold another international municipal congress in San Francisco during the Panama-Pacific exposition in 1915.

## Canada's Census Totals Below 8,000,000 People

OTTAWA, Ont., Sept. 21.—The commission of Canada's fifth census, begun in June, will show a total population considerably under 8,000,000,

## DEATH CLOSES LONG LIFE MRS. M. MORTON AT REST

MRS. MARY MORTON, mother of Henry Morton, the well-known jeweler, who died today, aged nearly 101 years.

## Beloved Woman Passes Away at Great Age of One Hundred and One

Mrs. Mary Morton, widow of the late Henry Blake Morton, died at the home of her daughter, Mrs. C. C. Lombard, 1621 Seventh avenue, after an illness of three days. She was born in Canada, December 25, 1810, and until a few days ago was as active as the average woman thirty years younger. As the wife of a British general, Henry Blake Morton, she traveled all over the world, but the last twenty-six years had been spent in Oakland.

Although she celebrated her one hundredth birthday anniversary last Christmas, she was able to make the mimosas pines for the dinner and was keen in mind as she had ever been, as active.

The funeral will be held tomorrow morning from the deceased's home, 1621 Seventh avenue, at 11 o'clock. Interment will be in San Jose.

Mrs. Morton took an active part in church work and philanthropy and always had time to help those less fortunate than herself.

## Senator Tillman Will Seek Re-Election

Militant Statesman Buys Two Pitchforks and Announces Candidacy.

COLUMBIA, S. C., Sept. 21.—United States Senator Benjamin R. Tillman's announcement that he was a candidate for re-election was made public here today. This refutes recent stories that he might refuse to run again because of failing health. Probably he will be opposed by former Congressman W. J. Lambert of this city.

While Senator Tillman was in town he purchased two pitchforks (for agricultural purposes) and carried them to his home in Trenton.

## Oakland Aviator Flies Four Miles at Fast Clip

## Failure of Rice Crop Threatens Dire Famine

Government Prepares to Head Off Starvation in the Philippines.

MANILA, Sept. 21.—Danger of a famine in the Philippines on account of the failure of the rice crop, has become so threatening that Governor General Forbes today decided to order the dispatch by the government of an entire ship load of the cereal in Rangoon. The cargo will be sold to the people at cost, the price of the staple or the markets here has advanced far above all previous records with only a small supply in sight.

for the distance was three minutes and 40 seconds.

Weldon, who is an Oakland boy, has been flying here for the past ten days, using a Curtiss biplane, the property of a Pittsburgh man. Yesterday morning he made his usual ascent with little difficulty, and after flying around over the town for a few minutes, headed for Martinez. He went only a short distance, however, returning safely to the landing place. A flight to Oakland, a distance of some forty miles, is one of Weldon's ambitions. He wants to make the attempt at the time of President Taft's visit to Oakland, and expects to go to that city the latter part of the week to make arrangements for the flight.

## TROOPS AND MOB FIGHT IN STREET

Soldiers Fire Fatal Volley During Conflict With Rioters in Spain

## 30,000 Trades-Union Men in Madrid Join Strike Which Threatens Alfonso

JATIVA, Spain, Sept. 21.—A battalion of troops which arrived here from Madrid today was received with volleys of stones from rioters. The troops fired on the mob, killing one townsman and wounding four others. The soldiers occupied the place.

MADRID, Sept. 21.—The men employed in the building trades of this city obeyed the strike order and quit work today. Thirty thousand men are involved.

The military holds the capital in a close grip, and acting under the authority of the imperial decree suspending the constitutional guarantees, the government is maintaining a firm attitude toward the labor leaders, who, it is claimed, are being used by revolutionary agents to further a campaign of violence against the state.

The streets had their usual appearance today, except for the presence of soldiers doing picket duty and the absence of cabs. No disturbances were reported at police headquarters up to early afternoon.

The strikers have seriously interfered with the publication of the newspapers. El País, Correspondencia de España and La Maestria, El Imparcial and El Liberal appeared, but with less than their usual number of pages.

Dispatches from the provinces reporting the general situation throughout the country, are closely censored, but it appears that the prompt and fearless course adopted by the government has been successful in head off anything like a general suspension of industrial activity, which might develop into a revolution.

Dispatches from Valencia, Ferrol, Corunna, Seville and Saragossa describe these places as tranquil today.

BILBAO, Spain, Sept. 21.—The local strike committee having as they affirm, proved the solidarity of labor, decided today that work should be resumed tomorrow.

GIDJON, Spain, Sept. 21.—The suspension of work was complete to day. All the business houses and industrial works with the exception of the gas and electric plants were closed.

DALIS, Spain, Sept. 21.—The robbers, "the price of your fares to the city," said the robbers, "and enough for a meal. We don't want any one to go hungry or weak."

Da's gained a dollar, his wife and when she arrived here she had \$252. The robbers had lost \$250 by failing to search Mrs. Davis' purse.

Aviator Rodgers Once More Wings Westward

Resumed His Transcontinental Flight at Middletown, New York.

MIDDLETON, N. Y., Sept. 21.—Rodgers, the aviator, who is on his way from New York to San Francisco, resumed his flight at 2:20 this afternoon, and soon disappeared in the direction of Port Jervis.

Alleged Embezzler Is Arrested in Vancouver

SAN FRANCISCO, Sept. 21.—The local police are in receipt of advices from Vancouver announcing the arrest at that point of August Porter Cooper, who is wanted here for the alleged embezzlement of several thousand dollars from Grauman & Company of 449 Washington street. Cooper was formerly in their employ as salesman.

**WANTED**—Five neat appearing newspaper solicitors. Experience not necessary. Apply Crew Manager, 8 o'clock tomorrow morning—Tribune.

## NIGHT BLAZE ENDANGERS LIVES OF THREE PERSONS

MRS. W. D. HUBBARD, who was questioned by the police regarding mysterious fire in East Oakland early today.

## Mayor Speer Hauls Down Colors of Marine Corps

DENVER, Sept. 21.—Mayor Speer compelled the United States marine corps today to haul down its colors in Denver, and as a result the mayor may be involved in an imbroglio with the United States government. Two of the official flags of the marine

corps were hung over the sidewalk from the building in which the recruiting station has its headquarters. This is in violation of a city ordinance. Captain Hayes, in charge of the local recruiting station, will probably take the matter up with authorities at Washington.

Gallantry of Holdups Costs Them Big Sum

Failure of Footpads to Search Woman's Purse Lost Them \$250.

SAN BERNARDINO, Sept. 21.—After holding up Mr. and Mrs. R. L. Davis at the point of revolvers while they were waiting for a car to take them home early today, two holdup men tossed them a dollar each out of a wallet containing \$28 which they abstracted from Davis' pocket.

"Here's the price of your fares to the city," said the robbers, "and enough for a meal. We don't want any one to go hungry or weak."

Da's gained a dollar, his wife and when she arrived here she had \$252. The robbers had lost \$250 by failing to search Mrs. Davis' purse.

LATAQUE, Quebec, Sept. 21.—Word was received here today of the accidental death of Montague Brown, the wealthy young manager of the Quebec and St. Maurice Company, as the result of a fall from a tree on his lumber limits at Wildridge. Brown, who was on a hunting trip with friends from New York, climbed a tree which was on the slope of a steep mountain in an effort to find the position of a lake. A limb broke under his weight and he rolled down a hundred feet over rocky ground, breaking many bones.

RUSH INTO YARD.

All the occupants ran into the yard in their night clothes, and were unable to return as the building rapidly filled with smoke so dense that they could not endure it. The blaze was located in the rear beneath the first floor in a pile of lumber scraps which had been stored under the house. Approach to the pile could only be effected through a small hole cut in the side, and which was covered by a door. This door was open when Hubbard reached the spot and the underpinning of the structure was a mass of seething flames. With water from a house faucet and the assistance of the fire department the flames were put out, but the smoke had seeped into every crack and crevice throughout the dwelling.

Forced by a strong draft between the walls and floors the fire broke out in every room and even through the outer casing. Within a very short time the occupants would undoubtedly have been overcome by the smoke and the fire would have made shop-work of the building.

Merrill had attended a lode meeting last night and arrived home at 12:30 a.m. He immediately retired. Both Hubbard and Mrs. Merrill had retired earlier in the evening but before doing so Hubbard had gone into the rear part of the house to get a ladder. He had detected no smoke at that time. Mrs. Merrill was sleeping lightly and to this is attributed escape. Shortly after Merrill had retired, the dog next door barked in an excited manner attracting her attention but nothing more was thought of the matter until she awoke smelling smoke.

**BROTHER IS ARRESTED.**

Of such suspicious circumstances was the blaze that the fire marshal and the police commenced an investigation and upon hearing the story of Hubbard this morning went to San Francisco, accompanied by him, to see his brother and his wife. The former was arrested at the ferry station and the officers then continued their search for Mrs. Fannie F. Hubbard, believed recently to have been employed as clerk in a large department store.

## VOTE ON RECIPROCITY IN CANADA IS HEAVY

### Fog Delays Operations on Farms and Agriculturists Flock to the Polls Today

(Continued from Page 1.)

the result is uncertain, although Socialist candidate Riggs will probably poll 3000 votes, hurting the chances of Ashdown, the Liberal candidate, just that much. Votaries are freely made that apart, the anti-reciprocity candidate, will win.

The polls close at 5 o'clock this evening.

### TWO ARE JAILED.

Warrants were sworn out last night for the arrest of four of the most active workers in the Conservative organization and two, Duty Holden and Charles Gerril, license inspector under the Roblin government, are under arrest today. Holden is charged in the warrant with personation at a recent registration. The accusation is that he registered in poll No. 12 in South Winnipeg as John A. Veitch. The charge against Gerril is that of inciting personation at today's election. W. W. Veitch and M. J. Johnstone, a license inspector for Manitoba, are the others for whom warrants were issued.

The Liberals later caused the arrest of twelve men at a North Winnipeg polling place, charged with impersonating. All were put in jail awaiting trial.

The Conservatives have issued a warrant for John W. Lindau, secretary of the Liberal association, charged with aiding and abetting "personation." He cannot be located.

The Conservatives searched the house of A. D. Rosenthal last night and caused the arrest of Rosenthal while he was putting a list of 600 names. Receipts for money also were seized with the books.

Alfred Glabe, proprietor of a hotel, was also arrested for "inciting to personation."

One of the closing incidents of the campaign was the mobbing of Henri Bourassa, leader of the Quebec Nationalists.

alists, at St. Hyacinthe, Que., where he was billed to speak last night. A crowd of about 2000 persons waylaid him on his arrival and pelted him with stale eggs and stones, ruining his clothes, but doing no other damage.

The incident is supposed to be in retaliation for the shooting of Sir Wilfrid Laurier in Montreal by a crowd of Bourassa sympathizers the night before. St. Hyacinthe is the district now represented in the Provincial House by Bourassa.

### FIGHT FOR SEAT.

VICTORIA, B. C., Sept. 21.—The most interesting feature of the election in British Columbia today is the fight being waged for the Victoria seat, the candidates being Wm. Templeman, minister of inland revenue in the Laurier cabinet, and G. H. Barnard. Templeman, who owns a daily newspaper and is wealthy, is making what appears to be a losing fight.

Five of the seven British Columbia seats are safely Conservative, and the other almost as safely Liberal, and the Conservatives are able to concentrate their efforts against Templeman. The Socialists, while very strong in the coal mining camps, have candidates in only two districts.

### TO FLASH RESULT.

MONTREAL, Sept. 21.—Montreal French newspaper has devised a novel scheme for letting the people of this city know the result of the election. It has arranged with the public lighting companies to shut off all lights in the city at 9 o'clock for an interval of ten seconds if Laurier wins and for two intervals of ten seconds each if Borden is the victor.

Inasmuch as more than 90 per cent of the houses of Montreal are lighted with electricity, the citizens will be able to know which way the country goes without leaving their homes.

A unique feature of today's polling was the voting of 600 Chinese in a district otherwise almost wholly French. They enjoy the right of franchise because they were born in Hong Kong and are therefore British subjects.

## U. S. STEEL IN WILD SLUMP

Confusion Reigns in the Street  
When Shares Are Thrown  
On the Market.

NEW YORK, Sept. 21.—The stock market was thrown into confusion today by the selling of United States Steel stocks on an enormous scale. From almost every part of the country brokers reported to sell 100,000 of the "billions-dollar" combine. Confusion prevailed on the floor of the Stock Exchange. Brokers struggled to dispose of their holdings.

The preferred stock slumped 5% points to 105 1/4, its lowest price since 1908. The common fell to 59 1/2, loss of 4 points, its lowest record since 1909. On September 1 the preferred sold at 115 and the common at 70.

During the forenoon transactions in United States Steel stocks exceeded during a total of 250,000 shares.

The slump is generally ascribed to the fear of many investors that dissolution of the steel corporation may be necessary in order to comply with the federal government's view in regard to the enforcement of the antitrust law.

President Taft's speech on this subject at Detroit on Monday caused uneasiness on this score. Wall street has heard reports during the last few days that the great corporation would dissolve.

"I could say anything I would willingly do," said Chairman Gary of the corporation's board. He declined to comment on the report that the wages of steel employees would be reduced.

Prices also gave way rapidly elsewhere among the industrial. Bethlehem Steel preferred, Republic Steel preferred, National Biscuit, Sears-Roe-buck, American Beet Sugar, General Electric and Union Bag and Paper preferred lost from 1 to 6 points. The standard railway shares held comparatively steady.

Selling of United States steel diminished somewhat during the afternoon and for a time the price rallied. At the close selling was resumed with increased vigor. One block of 6000 shares was thrown on the market. The price paid was 59 1/2, or \$375,000. The stock fell to 58, the lowest of the day, and closed at 58 1/2.

## FORESTERS WILL GIVE GRAND BALL

Second Annual Event Scheduled for Next Wednesday Evening.

The second annual ball to be given by the degree team of Court Oakland, Foresters of America, will be held next Wednesday evening in Foresters' hall, Thirteenth and Clay streets. The spirit of fraternity and good fellowship will mark the anniversary function, which is being arranged by E. W. Bayles, A. A. Ambrose and J. Henzel. G. W. Wolfe will act as floor director.

The Foresters will hold a big initiation November 7 at Piedmont park, when it is expected that 1000 new members will join the order. The initiation will be presided over by William H. Denslow, who will be assisted by Subgrand Chief Ranger J. J. Quinn and Joseph B. Reboll. Following the initiation the drill teams of Oakland and San Francisco courts will compete for a silver loving cup.

## COLUSA GIRL IS LAWYER'S BRIDE

Stanley Moore, Prominent Attorney, and Miss Williams Are Married.

SACRAMENTO, Sept. 21.—The wedding of Miss Belle Williams of Colusa County, and Stanley Moore took place quietly at noon today in the Episcopalian church.

Neither bride nor bridegroom was attended, and only members of the immediate families were bidden to the wedding.

The bride wore a handsome trousseau gown.

Mr. and Mrs. Moore left this afternoon for New York, where their honeymoon will be spent. On their return they will make their home in Oakland.

Miss Moore is the daughter of Mrs. W. H. Williams. She has lived in Williams Colusa County since childhood. Her father having been one of the pioneers of Colusa County, the founder of the town that bears his name.

Moore is a well-known attorney of San Francisco. He is the son of A. A. Moore. The Moore family is one of the principal families in the bay cities. Mrs. John Valentine is a sister of Moore, as are Miss Ethel Moore and Miss Margaret Moore, who will make her debut this winter. A. A. Moore, Jr., is a brother.

The machine was demolished by the locomotive.

## SAVE NINE With a Stitch in Time.

To know of and use a food that will feed and restore brain and nerves before slight nervous troubles end in complete nervous prostration or brain fag is wise, for unless proper food is supplied daily it is unreasonable to expect the nervous system to answer the demands made upon it.

There is a food, Grape-Nuts, for the particular purpose of restoring weakened nerves or fagged brain to health and strength.

A business man, of Baltimore, who made the trial says:

"Two years ago my health had become so seriously impaired it was impossible for me to attend to business. At the least exertion my nerves would give way and the condition of my system allowed me little or no rest or sleep at night. Stomach trouble soon followed and I could take no solid food. I tried the best tonics and medicines but they all failed.

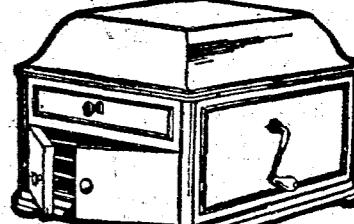

"Finally Grape-Nuts food was recommended and after using it for 10 days I began to feel its good results and at the end of three months was again a well man—and never restored their normal condition strength renewed, and I was able to do any amount of both mental and physical work without feeling unduly fatigued.

"I know Grape-Nuts built up my brain and nerves and still keep them strong and vigorous just exactly as food builds up muscles or fat, for instance, and I am glad to have learned this valuable lesson." Name given by Postum Co., Battle Creek, Mich.

Trial 10 days proves things when Grape-Nuts food is used. "There's a Reason."

BERKELEY, Sept. 21.—Mayor J. Stitt Wilson today issued an open letter to improvement clubs and civic organizations in which he argues for a higher tax rate. He reiterates his conclusion that the municipal resources are inadequate, and quotes from his inaugural address. He adds:

"The state of our city affairs during the time that we worked on our budget for the year 1911-1912 has reinforced my previous conclusions in this matter. Finding that we could not make provision for the needs in our budget for the present fiscal year, the extension of the assessment and the present tax rate for which the council provides, I requested the commissioner of public health and safety, Mr. C. **CONFIRMED PROOF**

Residents of Oakland Cannot Doubt What Has Been Twice Proved.

In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of this vicinity who so tested years ago now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Oakland kidney sufferers.

George Furlong, 1907 University ave., Berkeley Cal., says: "I am quite willing that you should use my name as an endorser of Doan's Kidney Pills. For a year or more I was subject to attacks of pain across my loins and I sought cold water baths and soothed myself. Other difficulties existed which proved that my kidneys were disordered. The kidney secretions were unnatural and at times an almost complete retention existed. The good reports that I heard about Doan's Kidney Pills induced me to get this remedy and give it a trial. Its use proved most successful and before long I was completely relieved." (Statement given August 15, 1907.)

**CONFIRMED PROOF.**

On January 19, 1910, Mr. Furlong was interviewed and he said to the reporter: "I have had no recurrence of kidney complaint since I publicly recommended Doan's Kidney Pills over two years ago. My former statement still holds good."

**WOMEN DEBATE ON SUFFRAGE**

**Mrs. W. S. Wattles Speaks Against Equal Rights at Berkeley.**

BERKELEY, Sept. 21.—Mrs. W. S. Wattles, a prominent anti-suffragist, told the members of the Equal Suffrage League, will present her views upon the suffrage question. The speakers will be introduced by Mrs. Frederick G. Turner, one of the enthusiastic workers in the suffrage campaign.

Mrs. Wattles said in part:

"Forces lies behind this case. Women's rights are being denied but one can admit this and there is no reason for women's suffrage is thrown out of court. Women by reason of their physical disabilities and feminine abuse of liberty are running the mighty danger of becoming irresponsible voters. Those who believe in the antagonistic basic interests, there is no reason for women's votes. As regards adsing purifying power to politics or municipal housekeeping the contention is absurd on its face. Women can do only what men have done, no more, no less."

"The great sin of the country is not of politics; do not add to politics the one corruption it lacks, vice, sex corruption.

"It is the surface scratching, the eagerness of women that saddens one; any proposal to make equal to men those of social evil, whether it is experience and training approach with timidity and reluctance, are easily solvable by the female agitator and her militant sisters."

"The problem, the differentiation of it, the necessity for division of labor, not uniformity, is the one argument of importance. Women do not improve under conditions of political activity, still less by pursuing bitterness, agitation, and the like."

Mrs. Gresley declared that it was neither a privilege nor a duty, but an inherent right that women vote. "Government, only municipal housekeeping, all," she said. "United States is the greatest laboratory of practice in the world. The eighteenth amendment is not a question of restricting male suffrage, but of giving real democracy a fair trial. The evolution of woman demands her development politically."

**COACHES ARE NAMED FOR CREWS OF U. C.**

UNIVERSITY OF CALIFORNIA, Sept. 21.—All coaches for the rowing crews, the following members of last year's varsity crew were appointed by the Associated Students' executive committee, and even-  
ing: Captain Ray Maynard, H. E. Peacock, David Hardy and Stephen Matassa. They will coach both the varsity and freshman crews. The latter squad has been at work on the machines for the last two weeks. After thorough try-outs three men for each place will be selected. All freshman candidates must be able to swim the full length of the tank, a distance of over 70 yards, as well as pass the other strength tests.

A new racing shell and equipment are to be purchased.

**Society Women Use New Wrinkle Remover**

(From Society World.) Since the discovery that a solution of ordinary salsolite and witch hazel has a peculiar effect upon wrinkled skins, it has been learned that many prominent society women all over the country have used this simple home treatment with great success. The formula is: powdered salsolite, one ounce, dissolved in witch hazel, one-half pint. Use daily as a wash lotion.

# FAMOUS LECTURER SUFFERS MENTAL BREAKDOWN

Rev. Father T. E. Sherman Is Sent to Agnew State Hospital for Treatment.

SON OF LATE GENERAL OF CIVIL WAR FAME

Discusses Ailment Rationally While Under Examination by Officials.

SAN JOSE, Sept. 21.—Rev. Father Thomas E. Sherman, one of the most brilliant Jesuit lecturers in America and a son of the late General William Tecumseh Sherman, who led the famous Union march from Atlanta to the sea in the Civil war, was committed to the Agnew state hospital for the insane after he had tried to take his own life with a revolver at the Los Gatos Novitiate yesterday.

Father Sherman came west from Chicago less than a year ago, suffering from a most severe breakdown. He believed that a change of surroundings would better his health. During his stay on the coast he has lectured to big audiences in most of the large cities on "Why I Am a Catholic" and kindred subjects. He was accounted a brilliant scholar and speaker.

At the examination yesterday Father Sherman discussed his ailment rationally with the officials and doctors, agreeing that he could probably be benefited by treatment at the hospital. The Jesuits, it is understood, will pay for special treatment for him there.

**FAMOUS LECTURER.**

CHICAGO, Sept. 21.—Father Sherman was known from coast to coast as a lecturer before the Catholic church. His teachings of affairs both religious and governmental, gave him forcefulness as a speaker such as few lecturers of the day possess. He was brought into wide publicity in 1906 when he launched a movement to lead an army of United States troops over the famous route his father followed in his march to the sea.

The plan was strongly opposed in the South. Theodore Roosevelt, then President, called the militiaman priest to Washington and ordered him to abandon the plan. This was done.

During the Spanish-American war he served as chaplain of the Fourth Regiment of Missouri volunteers. After the close of the campaign he remained in Porto Rico as chaplain; and the military post of San Juan.

Father Sherman's future was planned; by his father was to have been served out at the bar, but the son had other plans. Without any announcement either to his friends or family he took the initial vows in the Society of Jesus.

**FIRE THREATENS CITY.**

BOSTON, Sept. 21.—An early morning fire on the Mystic riverfront in Charlestown bay today destroyed \$100,000 worth of valuable lumber. Flying sparks threatened to start a general conflagration, but the firemen answered alarms in all parts of the city during the early morning hours.

## Benjamin Ide Wheeler, President of University of California, Delivers Speech Before Convention, Extolling Good Work Done

The nineteenth annual convention of the Pacific Coast Gas Association, the sessions of which, for the last two days, were held in Forester's hall, came to a close yesterday evening, and when the afternoon session adjourned at 6 o'clock it was with the understanding that the delegates would meet at a banquet in the Key Bridge Inn an hour later.

Today the gasmen and their lady friends have passed in visits to points of interest in this city and the suburbs, both in Alameda and Contra Costa counties.

Shortly before the close of the final

session the officers for the ensuing year were elected, and a reception given to President Wheeler of the University of California, who made an eloquent speech, showing the relationship of the university to the people of the State, and, especially, to organizations like the gas association, which required specialists along various lines, the education of whom the university was endeavoring and aiming to supply.

The organization seeks to have the university in question establish a gas engineer degree among those now

confered by the institution, and the president gave evidence of feeling warmly toward the project. Wheeler's speech was highly appreciated and was ordered specially printed and a copy forwarded to each member of the organization. He was then elected an honorary member of the association.

**PAPERS READ.**

C. S. S. Forney read a paper on "Suburban Gas Distribution," which showed how the present method of distributing gas had been adopted and the attempts which were now being made to increase its efficiency.

W. R. Thompson, who was entitled

"Early Gas Lighting," in which he

described in detail the first attempts to make use of illuminating gas, the improvements in the method of manufacturing the same, period by period up to the present time. The paper was filled with a large number of interesting facts which had been collected from sources and publications, many of which are now obsolete. Not a few of these facts were heard by the delegates for the first time.

The paper showed that the author had given a great deal of thought to the subject and, at the same time, familiarity with the principal features of the old as well as the new method of producing light with gas.

Secretary Britton read an article on "The Investigating Department of the San Diego Gas Company," which had been promised by H. H. Jones.

**LEARN TO READ METER.**

The writer took the ground that a meter should be read by the consumer and the company he represented had gone to extremes for the purpose of enabling the consumer to learn how to read the contrivances. He then described the several attachments which had been connected with the meters for the purpose of showing how the same should read under different conditions. As a consequence, the complaints against the service of the company had been reduced from five per cent to one-half of one per cent.

Discussing the subject, Secretary Britton said the gas companies should get next to their consumers, because there were people who always complained about their service. It was safe to say that ninety-five per cent of the consumers made no complaint. He thought the gas companies took too little interest in personal contact with the consumers and that if the companies spent less money in certain directions and more in the establishment of a corps of men to show patrons why their lighting was not all right, there would be more satisfaction experienced between the companies and the consumers.

Secretary Britton, of Los Angeles, said that the company he was connected with had such a corps as Mr. Britton referred to, which investigated complaints made. The corps showed what was the cause of the complaint. In some instances it was due to a defective mantle, or something else for which patrons were responsible. As a consequence, when the defects were remedied, the complainers were satisfied and later became friends.

J. M. Berkeley took the same view of the situation.

An Oakland delegate said that districts were formed here and a man was placed at the head of each district whose duty it was to see that the revenue of each district was increased, especially by removing the cause of complaints. In that way the heads of these districts became familiar with the condition of every service and could, therefore, remove the defect so as to increase the business of every service.

One of the delegates referred to the statement of Secretary Britton that there were ninety-four per cent of consumers who made no complaint at all and marvelled that the percentage should be so small.

Mr. Britton replied that that was not only the fact, but that the percentage of complaints was much less than that of the largest business concerns in the city—dry goods men, butchers and others who did a great deal of business. In San Francisco, where his company had 100,000 con-

## Of all American Inventions the National Cash Register is the widest used.

It is found wherever men are found buying and selling in every civilized country on the globe.  
It speaks the universal language of efficiency.  
It thinks with a brain of steel—it never forgets a detail of a transaction.  
No single device ever benefited so many people in so many ways.  
It has made a million merchants better business men—educated them in system and method. It has made a million stores full of clerks dependable.

## MOTOR CAR CO. ACQUIRES HOME

Work to Begin Soon in Pioneer Factory; 100 to Be Employed.

President Walter C. Sachs of the California Motor Car Company has informed the secretary of the Oakland Chamber of Commerce that the sale has been consummated whereby the California Cotton Mills Company has transferred to the motor car company "the building and twelve lots surrounding it, formerly known as the Oakland Cotton Mills Company."

The California Motor Car Company has been occupying the building for several months and preparing for the opening of the first automobile factory in this section of California. Workmen are today busy installing the machinery, all of which is on hand, and by December 1st the company will be ready to commence delivery of completed cars.

The California Motor Car Company will employ steadily from 75 to 100 men, most of them high class mechanics.

### PIONEER HERE.

This pioneer in the automobile manufacturing business in this section has been established in Oakland, largely through the instrumentality of the Chamber of Commerce, and is a most important addition to the industries of the city. The company, Mr. Sachs, has invested a large amount of his personal capital in the enterprise and the management of the factory will be directly under the charge of A. J. Schram, who is an expert in automobile designing and construction.

The new factory starts their business under the most favorable auspices, with every assurance of a large demand for its products.

The location in Oakland was selected because of the superior advantages offered by transportation lines, the factory site being between the lines of the Southern Pacific and Western Pacific as well as having switching connection with the Santa Fe and all other roads centering in Oakland.

The question of ease of assembling materials and of distributing the product to the customers throughout the coast region appeals strongly to the management of the motor car company, and has resulted in turning the scale in favor of locating here. Other advantages of the Oakland site were the cheap fuel furnished by the crude oil and the abundance of electric power to be obtained in Oakland.

## MISS RUTHERFORD IS OGDEN MILLS' BRIDE

PARIS, Sept. 21.—The wedding of Miss Margaret Stuyvesant Rutherford, the daughter of Mrs. Wm. R. Vanderbilt, to Ogden Livingston Mills took place yesterday. The civil ceremony was performed at 10 o'clock, the Earl of Granard, Mrs. G. Winthrop Sands, W. K. Vanderbilt and Whitelaw Reid being witnesses.

The party left the Manseau after the civil ceremony for the Chateau Quaney, W. K. Vanderbilt's estate, in a downpour of rain. The religious ceremony was performed at the chateau in Paris. The ceremony was strictly private.

Those present were Mr. and Mrs. Whitelaw Reid, Mr. and Mrs. Henry White, Mr. and Mrs. Ogden Mills, Mrs. Cavendish Bentinck, the Earl and Countess Granard, Mr. and Mrs. F. W. Vanderbilt, Mr. and Mrs. F. C. Havemeyer, the Duchess of Marlborough, Miss Mortimer, Mrs. G. W. Sands, and Mrs. W. K. Vanderbilt. A wedding luncheon was served in the historic dining room of the chateau.

Leon P. Lowe of San Francisco said that the president saw, but a fraction of the members of the association before him. It was a pity that the president's words had not been heard by the other members. It was not the beginning of more active and enduring work for the University. He moved that separate copies of the president's speech be printed and a copy be forwarded to each member of the organization. This motion prevailed as did another by the same gentleman to the effect

## EDUCATOR SPEAKS ON AMENDMENTS VOTE? NON, NON! SMILE, INSTEAD

Proposed Changes and Meaning Told in Tabloid Form.

ALAMEDA, Sept. 21.—Speaking on the amendments to the state constitution, Professor Thomas G. Reed of the University of California gave a clear exposition of the different measures which the voters will be called upon to ratify or reject on October 10. The dress was not an important factor in any of the amendments or the whole list of proposed changes. It was an explanation of the different measures, with some sidelight on their probable and possible effect. Professor Reed is a progressive and favored most of the measures. He drafted the employers liability act. Preceding the address, music numbers were furnished by Carl E. Anderson and Clarence Oliver.

OMAHA BEE MANAGER  
IS GUEST IN OAKLAND

Charles C. Rosewater, general manager of the Omaha Bee, was the guest in Oakland yesterday of Wilber Walker, secretary of the Merchants' Exchange, who showed him about the city. Rosewater is the son of the late Edward Rosewater, owner and founder of the Bee, is the man in the interest of the Oakland Land Show, which will open in that city on October 16, and at which the Alameda County General Exposition Commission, of which Walker is a member, will make one of its most important exhibits. The commission has several times in the past made similar exhibits in Omaha, and this year, as formerly, Walker will go to Omaha, where he will lecture on the attractions of Oakland and Alameda county.

FISHER TO BE CHIEF  
SPEAKER AT BANQUET

J. E. Fisher, president of the State Realty Federation, has been invited to be the chief speaker at the banquet which the Oakland Real Estate Association will give at the Forum cafe on Wednesday evening, September 2.

Fisher will preside at the annual convention of the State Federation, which meets in San Francisco on October 11 to 13, inclusive, and local realty men are anxious to secure him for the banquet here. Frank J. Woodward of the Woodward company, will be toastmaster on that occasion, for which more than 700 invitations have been sent out.

TO USE NEW SYSTEM.

SEATTLE, Sept. 21.—Rear-Admiral V. L. Cottman, commanding officer of the United States navy yard at Bremerton, yesterday issued orders putting into effect the efficiency system devised by Frederick W. Taylor, and which has been stubbornly fought throughout the country. Under the orders of Admiral Cottman men will be classified in all machine shops, shipbuilding work and other departments according to their natural bent and qualifications.

Mme. Hopkins-Smith Declares  
Woman Now Has Her  
Own Way.

SAN FRANCISCO, Sept. 21.—With an experience involving two husbands and eighty-nine offers of marriage, Madame Lucius Hopkins-Smith feels qualified to deal with women's problems.

This interesting young widow whose home is in Paris, well known to the best social life of that city, her husband, a wealthy New Yorker, died five months ago.

Shortly after it became known that she would be the administratrix of the estate she was offered marriage by men from almost every "civilized" country. At the seventy-fifth offer, she started in the hope of escaping marriageable men, to tour the world in company with her little daughter. In her apartment at the Fairmont yesterday she said that her traveling did not seem to discourage her suitors. The list now totals eighty-nine.

In Los Angeles a few days ago Madame Hopkins-Smith expressed herself on the wrong side of suffrage.

"Then," she said in telling about it yesterday, "I just had to disappear, actually run away—the women, oh! they were so mad!"

Mme. Hopkins-Smith believes a woman can have her own sweet way and get all the real and supposed rights without having recourse to the ballot. "And the sweet?" She was asked. "Oh, it is so simple," she declared. "A twinkle of the eye, a shrug of the shoulder and a nice little smile—and there you are."

And then there was a demonstration. It was a very pretty one, typically French, and it was not difficult to understand how easily more men might be captivated and charmed. The widow was a most attractive bit of femininity as she stood in the open window with the sun burning up the dull red of her hair.

Evidently Madame has not profited by her Los Angeles experience or else she has great generosity of spirit. Yesterday she talked without reserve giving her opinion in this offhand, independent fashion:

"I think it neither dignified nor womanly to go into politics and scramble to vote. To me suffrage seems unnecessary. Why? Because a man will always care for and protect a woman who appeals to him in the right way. That is, unless he is a brute. There is really no difficulty in a woman getting what she wants if she only knows how. If a woman does not know how to manage a man she should cultivate the art. Study man's moods, temperament, personality. You'll find it interesting."

\$10,000 LETTER DISAPPEARS.

ST. PAUL, Sept. 21.—Ten thousand dollars in cash, sent by registered mail on Monday from the Northwestern National Bank of Minneapolis to the Sioux Falls Savings Bank, is missing. The money, according to the postal authorities, reached the Sioux Falls postoffice of Tuesday.

'MADAME BUTTERFLY' TO BE  
SUNG BY IDORA ARTISTS

EMILIA LEOTALDI, in "Madame Butterfly," as played by the famous Lambardi singers at Idora Park Theater.

For the first time in operatic history, music lovers will have an opportunity of hearing Giacomo Puccini's fascinating opera of Japan, "Madame Butterfly," at popular prices next week, when the Lambardi Grand Opera Company is scheduled to present the famous Puccini work at four performances in the Idora Park theater. No more extraordinary announcement has ever been made in the musical history of the bay cities. Sung but few times in the West, and then always at prices many times greater than Idora will charge, the determination of the management to offer superior productions of "Madame Butterfly" is of more than passing note. Ida Fazio and Emilia Leovaldi will alternate in the title role.

Bizet's "Carmen," with Boettli in the title role, and Lydia Levy & Mitchell will be presented for the first time during the Lambardi engagement at two performances next week. The advance sale of tickets for the coming week began this morning at the box office in San Francisco, Oakland and Berkeley.

The schedule of operas for next week is as follows:

"Madame Butterfly," Sunday matinee, Wednesday and Friday nights and Saturday matinee; "Carmen," Sunday and Thursday nights; "Il Trovatore," Monday; "Lucia," Tuesday; "La Sonnambula," Saturday night.

Donizetti's "Lucia," one of the most popular operas in the Lambardi repertoire, will be the offering at Idora this evening, with Antola, Levy, Albiach, Marchesini, Marco, Glana and Neri in the cast. "Marina," the new Spanish opera, is scheduled for tomorrow. "The Barber of Seville" will be the matinee offering on Saturday and "Marina" again on Saturday night.

Olney's militant orchestral band continues to delight the music lovers in the open-air amphitheater every afternoon and evening. Miss Blanche Lyons, the soprano soloist, is one of the big features with the band.

On Saturday night, the Lambardi orchestra will play in the amphitheater every afternoon and evening. Miss Blanche Lyons, the soprano soloist, is one of the big features with the band.

NAME OF 'JANE' IS  
WORTH \$20,000

From Which Fact It May Be  
Inferred There's Something in a Name.

CHICAGO, Sept. 21.—Because her name is "Jane" and for no other reason, a Chicago girl has received a fortune of \$20,000 in railroad bonds at the dying request of a man whom she never knew and had seen only once.

Miss Jane Belyea is the fortunate girl.

She fell heir to the entire estate of her father's cousin, Jacques Henri Belyea, of New York, who gave as the only reason for his bequest that he bore the same name that had been his wife's.

Belyea had been a miser all his life and when his wife died and left him childless he began to live an almost hermit-like existence.

And he was even named after his wife. His real name, said yesterday, I thought of him as a poor man who lived a retired life in New York City, owing to his eccentric manners.

# WATER COMPANY IS OVERCHARGING, COMPLAINT

Citizen Sends Protest to City Council and Asks for An Investigation.

## CORPORATION REFUSES TO MAKE REDUCTION

Declares He Has to Pay in Spite of Fact That Stores Are Vacant.

Complaining that the Peoples Water Company has overcharged him for some time and asking for an investigation of the case by the city engineer and city expert on water, J. H. Dockweller, Charles Jurgens of 373 Thirteenth street addressed a letter to the city council this morning. Jurgens declares that in ten services on one meter in his stores the company makes no allowance for vacancies. His communication includes the following letter to him from the Peoples Water Company in connection with his complaint:

Mr. Charles Jurgens, 373 Thirteenth street,

My Dear Mr. Jurgens: I have presented the matter of your complaint to the executive committee for consideration. I request you to inform you the committee could find no way in which they could justify a reduction in these cases.

The ordinance provides that no allowances shall be made for partial vacancies or other words, for a vacant company, where there is more than one served by one service; and for its protection against losses the company found it necessary to enforce this rule with a reduction of one-fifth off the minimum rate.

To make the reduction you ask would be to suspend the rule in your favor and grant a favor given to no other person. The only way I can see for you to get around this for the vacant stores is to have separate services put in for each store.

Yours truly,

(Signed) FRANK A. LEACHE, Vice-President.

## LETTER FROM JURGENS.

Jurgens' communication to the council is as follows:

To the Honorable, the Mayor and City Council, City of Oakland:

Gentlemen: I call to your attention an overcharge for water rates on my premises at Nos. 552 to 564 East Twelfth street and will request that Mr. Dockweller be directed to investigate the matter and notify the Peoples Water Company not to interfere with the owner or tenant until the matter is adjusted.

Enclosed you will please find bill and letter from the Peoples Water Company.

I would also call your attention to the fact that I am not the only one who is being overcharged for water in premises which are vacant as a great many people have spoken to me about the exorbitant charges for water on their property as well as on vacant premises. I hope you will grant my request. I remain,

Respectfully yours,

(Signed) CHARLES JURGENS.

# ADMITS HE PAID FOR EDDY CASE

## Wm. E. Chandler Makes Disclosure in Big Will Contest.

CONCORD, N. H., Sept. 21.—At the hearing today in the litigation over the will of Mrs. Mary Baker Eddy, William E. Chandler testified that he paid all the expenses of the case from February 1907, to November 10, 1909. He said that the New York World, which began the investigation, and which employed Chandler for a time, refused to engage in private litigation and paid none of the expenses after February 4, 1907.

The famous "next friends" suit of 1907 was carried on by Chandler as counsel for George W. Glover of Lead, S. D., and other heirs of Mrs. Eddy.

Questions today which Chandler said tended to disclose witnesses by whom and in the manner in which he hoped to prove his case in the present litigation, he declined to answer and was upheld in this position.

# CHAMBER PLANS FORMAL OPENING

## Activities of Body to Be Demonstrated at Big Meeting.

Charles F. Cole, commander-in-chief of the campaign for members of the chamber of commerce, and his co-workers are making plans for the formal opening of the chamber in its new building, Thirteenth and Harrison streets. The meeting will be in connection with the present campaign and will be made a big demonstration of the activities of the body. The date for the opening has not as yet been set, but will probably be some evening next week.

It is Cole's intention to secure a number of prominent speakers for the opening, among whom will be Gavin McNab. Officials of the chamber, including its president, H. C. Capwell, and secretary, A. A. Denison, will also participate in the ceremonies of opening.

# HIGH COST OF LIVING MAKES ARMY GRUMBLE

WASHINGTON, Sept. 21.—The unchecked increase in cost of living has brought forth a murmur from the army. Brigadier General Taylor H. Bliss, formerly commanding the Department of California, has called attention of the War Department to the fact that the prices of fresh meats continue to grow. For the fiscal year 1912 the prices for these meats, which are purchased by contract, range, he says, approximately one cent per pound higher than the contracts made for the same grade of meats during the previous year.

ment store. Both will be closely questioned by the police.

Trouble in the Hubbard household is said to have commenced in February of last year when the husband perceived that his wife preferred the company of his brother and the alleged sister was accused to meeting him in an unconventional manner. These facts developed when Hubbard filed suit for divorce from Fannie E. Hubbard a little more than a week ago in the Superior Court of this county.

## TROUBLES AIRED IN COURT.

Prior to February of last year, Hubbard tells the court, he and his wife had always gone together on trips and to places of amusement on Saturday evenings and Sundays. Then brother Charles came for a week's visit and on the first Saturday evening of the visit he took his sister-in-law to a theater in San Francisco. Immediately afterwards, Hubbard alleged his wife left him early afternoon and went to San Francisco where her brother Charles and his wife had come back with him. Finally Mrs. Hubbard and her brother-in-law became such constant companions, the complaint alleges, that Hubbard thought it about time to call a halt. He suggested to Mrs. Hubbard that it did not look well for her to be running about so much with Charles. This made her angry, Hubbard says, and she retorted, saying: "You can leave me if you want to. I don't love you and haven't loved you since Wilmer was born," Wilmer being the oldest son of the couple and 27 years of age.

Hubbard says defendant's attitude towards her husband changed entirely. She began to deceive him, the complaint declares, holding clandestine meetings in San Francisco with her brother-in-law, and even going to San Jose, Portland, Seattle and other places to meet and be with her alleged affinity. Her last trip north was only recently, Mrs. Hubbard returning home about the middle of last month. She claimed her brother Charles had won her plaintiff's affections, but told her husband that he accidentally met him in San Francisco, and that he had come to pay Hubbard \$500 he had loaned to him several months before and, according to the complaint, at the very time that his love affair with Mrs. Hubbard was progressing most satisfactory. The brother stuck around for a few days and then left without repaying the loan, Hubbard says.

## DIZZY, SAYS HUBBARD.

One evening, the complainant sets forth, Hubbard discovered a bitter powder in a dish of berries served to him at dinner by his wife. Late Hubbard became dizzy. He went to sleep and did not wake up until the next day. For many hours afterwards he was very dizzy. He found that someone had stolen his watch and purse containing \$35 and alleges that his wife not only drugged him, but had knowledge of the removal of the watch and purse from his clothes.

## TO CARE FOR HOUSE.

According to Mrs. Merrill, she and her husband took up their residence with Hubbard last Saturday at the latter's solicitation, in order that he might have someone to keep house for him.

"Mrs. Hubbard and I had been friends for some time," she said today, "but I did not know that affairs had come to such a crisis between the Hubbards. The fire of last night has a peculiar aspect. The insurance is in the name of Mrs. Hubbard as well as the property. She had demanded money from her husband, saying that she needed it badly. The last time she was home was about August 14, when she was present at a celebration of her husband's birthday."

Mrs. Hubbard is well known in fraternal and club circles on this side of the bay and has always been regarded in the highest esteem by her large number of friends and acquaintances. The couple have two children, the eldest, William, 27 years of age, having attained two years ago. At one time Mrs. Hubbard was a teacher in a local Sunday-school.

The home in Fourth Avenue Merrick was one of luxury and delightfully located.

# CAMPAIN TEAMS ARE WORKING HARD

## Sixty New Members Affix Names to Roster of Oakland Y. M. C. A.

Up to one o'clock today, sixty new members were secured for the Young Men's Christian Association by representatives of the two campaign teams, composed of one hundred workers. The competition between the "Reds" and the "Blues" has proved one of the most exciting features in the battle, which is scheduled to end this evening. It is whispered, however, that the campaign will continue until the stipulated number has been reached. W. N. Jenkins, director general, said he is confident that 1000 members will be secured before the campaign ends.

The "Reds," under the leadership of H. H. Griswold, are ahead in the membership race. They have filed 183 application cards, while the big thermometer at 14th and Broadway reads 142 for the "Blues," who are directed by Dr. George C. Pomeroy. The total number of new members recorded there is 280. Last evening at six o'clock the enrollment was 125.

Prior to the campaign there were 1600 names in the roster, which will be increased by 1000 as the result of the brilliant work of the "Reds" and the "Blues."

## UNVEIL MONUMENT TO COL. A. O. MILLER

LEBANON, Ind., Sept. 21.—General T. Wilder of Knoxville, Tenn., and 200 survivors of the famous Wilder brigade, comprising the Seventy-seventh Indiana and the Ninety-eighth and One Hundred and Twenty-third Illinois regiments and the Eighteenth Indiana battery in the Civil War unveiled today a monument to their former commander, Colonel Abram O. Miller, who succeeded General Wilder in command.

# FOWLER PLANS TO FIRE MYSTERY SOAR ON SATURDAY

## Friday to Be Devoted to Trial Flights in the High Mountains.

COLFAX, Sept. 21.—Fowler leaves Colfax Saturday morning at 6 o'clock. That long-sought rudder tail, which should have been here last Saturday, and which has kept the aviation camp idling and fretting like an army waiting marching orders, will be here this evening at 9:30.

This gives nearly all of Friday for trial flights; but Fowler wants to start under the best possible climatic conditions, and won't proceed East until Saturday, with chance to select the best hour of the day for a start, when there is no wind and before the air begins to rise off the mountains with the sun's heat.

However, there is a slight possibility that he will make the big jump Friday evening, for the condition of the mountains toward evening are very similar to those of the mornings.

Fowler's bump of caution is as big as his bump of daring, and he has sworn various sorts of oaths not to do anything that would cause him to be arrested.

He says, too, that he couldn't disappoint Colfax, and that is one of the reasons he has deferred his start until Saturday. This cuts him down to 17 flying days to cross the continent.

"Although Ward and Rodgers are close to aeroplane factories and are in the midst of civilization, they have to lay over," he said. "When they get into the deserts and plains of the West with the mountains ahead, they will discover how hard it is to repair a biplane if it gets broken.

I am not worrying about the prize,

and I wish Ward and Rodgers all the luck in the world. The nearer they get to the coast the bigger will be the victory."

# MILLIONAIRE BUYS FAMOUS CASTLE

## TELLS POLICE HE IS TRAIN ROBBER

## Tattershall Relic to Be Brought Over to Long Island.

LONDON, Sept. 21.—It was reported today that Tattershall Castle, a Lincolnshire built during the middle of the fifteenth century, has been purchased by an American millionaire. The old castle will be pulled down and re-erected on Long Island.

Tattershall Castle has been brought prominently to public notice because of the attempts which have been made to save the famous manteau pieces contained in it from being taken out of the country.

Tattershall Castle, erected by Lord Cromwell, Lord Treasurer to King Henry VI about the years of 1433-1443, and has been described as probably the finest specimen of medieval brick work in the United Kingdom.

The four fireplaces in the castle are remarkable for their beauty and heraldic interest and give a history of the owners and builders of the castle from the earliest times.

# LANE AND WORKS DIFFER IN VIEWS

## Senator and Commissioner Are Speakers at Luncheon; Express Opinions.

LOS ANGELES, Sept. 21.—Franklin K. Lane, interstate commerce commissioner, and United States Senator John D. Works were the participants in an incident at the City Club luncheon today, which caused discussion.

Senator Works introduced Lane as the first speaker, and the commerce commission launched into an address upon the relations of the people to the corporations.

"We must be fair to corporations, and fair to the men who invest their money," said Lane, repeatedly. When he had finished Senator Works rose and said:

"Yes, it is all very well to say we must be fair to the corporations and fair to the men who invest money. But I say send these men of the corporations to jail when they break the law. We must be fair also to the people. Corporations must keep hands off our politicians."

# ADMIRAL THOMAS PLEASED TO AID

## So States in Letter to President Moore of Exposition Company.

SAN FRANCISCO, Sept. 21.—Rear Admiral Thomas, Thomas, commander of the United States Pacific fleet, in a letter to President Moore of the Exposition company states: "I am glad to be able to advise you that the Pacific fleet, whereof I am commander-in-chief, San Diego, will remain there during the time the cruisers are engaged in target practice."

Miss Priscilla Elliott has joined her father, Captain John M. Elliott, in the Maryland at the Mare Island navy yard. This evening Captain Elliott will be a dinner host aboard the Maryland, a number of guests accepting his hospitality.

Mrs. Willis McDowell has left for her home in Meadville, Pa., where she will spend the next few months in time to meet Lieutenant Commander McDowell when he returns from the fall cruise of the cruiser California.

Lieutenant Charles C. Moses spent a few days here last week en route from the coast.

Connors, a member of the crew of the cruiser, was the guest of Lieutenant and Mrs. Elliott. Miss Dickens will leave on Tuesday next for her home in Frederickburg, Va.

Past Assistant Surgeon Jesse W. Bachus of the Iris has arrived at Mare Island from San Diego. He will appear before an examining board at the navy yard preparatory to receiving his promotion and will then proceed to Bremerton, where he is to join the cruiser Pennsylvania.

Miss Helen Sullivan, who has been spending a few days at the Marin County navy yard, has returned to her home in San Francisco.

Mr. William A. Glassford Jr. has been spending a few days at the Marin County navy yard. He is president of the Glassford and Sons, ship chandler, at their Oakland office, since leaving Vallejo, but will probably leave shortly for San Diego.

# MITCHELL WAITS FOR FATHER'S AID

## Accused New Orleans Man Is Sure He Will Be Freed of Charge.

SAN FRANCISCO, Sept. 21.—Francis Vaughan Mitchell, 21 years old and scion of wealthy New Orleans family, who was taken from his bride yesterday and lodged in the City Prison on advice from the New Orleans authorities, is awaiting his return to Louisiana, where a charge of alleged corruption against Senator Lorimer of Illinois.

Mitchell was alleged to have obtained \$3000 from the brokerage firm of Wilcox, Peck & Hughes, by whom he was employed.

Mitchell, however, is satisfied that there will be no prosecution against him and feels assured that his father, who occupied a position of prominence and wealth, will make good his alleged pacification.

Mitchell's conduct was condemned by the New Orleans police, who received a letter from Street & Smith, publishers, in consideration of services rendered magazine interests in respect to administration to the mailing privileges.

The indictment averred there were no such records as claimed in this city, and that Mitchell's statements to this effect were untrue.

# GLAVIS INDICTED ON FRAUD CHARGE

## Action Is Outcome of Recent United States Senator Lorimer Scandal.

WASHINGTON, Sept. 21.—George O. Glavis of Chicago was indicted today for alleged false pretenses and embezzlement in obtaining \$650 from the Chicago Tribune on the pretext of procuring evidence of alleged corruption against Senator Lorimer of Illinois.

Glavis was alleged to have told John C. O'Loughlin, Washington correspondent of the Tribune, that he knew a woman, whose name was not disclosed, who had in her possession books, records and papers which would tend to show that while in the lower house of Congress Lorimer had received large sums of money from Street & Smith, publishers, in consideration of services rendered magazine interests in respect to administration to the mailing privileges.

The indictment averred there were no such records as claimed in this city, and that Glavis' statements to this effect were untrue.

# DANGEROUS MAD MAN ARRESTED

## Maniac Caught in Louisiana Escaped From Stockton Two Years Ago.

STOCKTON, Sept. 21.—Dr. Fred P. Clark, superintendent of the Stockton State Hospital, received word today which establishes beyond the doubt of M. J. McCormick, arrested in Louisiana a few days ago, as the man who two years ago escaped from the institution. McCormick was the most desperate patient ever held in that institution. McCormick was confined here after having blown up with dynamite a Santa Fe freight caboose, injured a conductor and damaged the train.

Dr. Clark received a letter from McCormick several weeks ago requesting that his personal effects be sent him in New Orleans. A few days later news of the arrest of McCormick was received here. During another insane spell he attempted a murder. He has pleaded guilty and will undoubtedly be sentenced there.

Premier Stolypin Sacrificed in Plot of Highest Russian Officials

Bogroff Placed as Guard Over the Man Whom He Later Assassinated

ST. PETERSBURG, Sept. 21.—Full exposure of the scandalous criminal intrigues in high governmental circles leading to Premier Stolypin's sacrifice are forbidden, says the *Novoye Vremya*, by patriotic reasons. The paper says that only mere fraction of the findings of Minister of Justice Chichergiavoff, who is investigating the assassination of Premier Stolypin at Kiev, can ever be published.

Only General Treppoff's prompt measures in throwing a cordon about the theater and directing the work of the secret police, says the *Vremya*, prevented the escape of Bogroff from the hands of justice.

Colonel Kullabako made a strenuous but unsuccessful effort to have the prisoner kept at the secret police headquarters, instead of in the fortress.

Had Treppoff surrendered Bogroff to Kullabako, the paper declares, few details of the crime would ever have become known.

The inquiry into the assassination of Stolypin with reference to the responsibility and police elements involved is being conducted personally by M. Chichergiavoff.

## SENSATIONS EXPECTED.

Greater sensations than those so far published are expected. Vice Director of the Department of Police Verigin is under strong suspicion by the authorities, who hold that he is in measure responsible for the outrage.

The protection of the emperor and empress and cabinet ministers at Kiev forced the subject of departmental discord. Governor General Kullabako, the paper declares, few details of the crime would ever have been known.

Treppoff then tendered his resignation, which was not accepted. Kurloff, Verigin, Lieutenant Colonel Spiridovich of the secret police and Colonel Kullabako, chief of the secret police, organized the protection, which cost \$100,000.

## BOGROFF AS GUARD.

Dmitri Bogroff was consulted and given the responsible position of guarding the premier, as he promised to track suspicious terrorists. Nina Alexandrovna and Nikolai Jacobovich.

It is incomprehensible to those eager in the inquiry how a participant, as Verigin, dared to disregard Stolypin's circular regarding revolutionary spies and allow Bogroff, a boy and informer, to guard the premier, without even setting other agents to watch him.

Verigin was Kurloff's right-hand man and maintained close relations with Kurloff's family. Kurloff, against Stolypin's most determined opposition, married the divorced wife of a young adjutant. Stolypin made the matter one of personal confidence to the emperor, but Kurloff's influential supporters at the court overruled the premier.

## TRACE ACCOMPLICES.

Many alleged accomplices have been traced to the revolutionary side and a vast number of arrests are being made throughout Russia. The police have been searching in vain in St. Petersburg for a terrorist bearing the nickname of "Herman." A domiciliary search has been made of the rooms of the correspondent of a London newspaper and his brother, residing in the lodgings of the liberal authoress, Mrs. Tykova.

It was reported that Bogroff's father was arrested on the frontier while returning to Russia, but a later report stated that he was in Berlin. Bogroff's parents, on receiving the news of the crime, addressed a telegram to Mme. Stolypin, expressing abhorrence of their son's act.

Bogroff's brother, who was held at the St. Petersburg secret police headquarters, has been transferred to the front. Bogroff's uncle, a physician, has been arrested at Odessa. Another Bogroff, also a physician, has been arrested at Baku. Eighty men and thirty women, professed liberals, are under arrest at Kiev.

## 12,000 LEAVE KIEV.

Twelve thousand Jews have left since the assassination and the exodus continues. Acting Premier Kokosov, through a representative informed today a demonstration of the Jewish aristocracy at Kiev and the Jews themselves created alarm through their cowardice, but that fitting measures against disorders had been taken.

Emperor Nicholas has been made known to the population of Kiev through the medium of Governor General Treppoff the imperial will that order should be observed and His Majesty's visit to South Russia, not again clouded.

M. Gorkin, chief of the patriotic league, has been arrested for anti-Jewish disclosures. Prefect Tolmachev, chief of Odessa, called a meeting of the leaders of the monarchical organizations at which their leaders declared that they did not contemplate anti-Jewish demonstration. Tolmachev announces guarantees for the preservation of order.

## REFUSES TO MOURN.

ZATRITSYN, Russia, Sept. 21.—Heliodorus, the reactionary priest, declined to officiate at a requiem mass for M. Stolypin, saying,

"Stolypin was not of our family circle. He did us no good and has his own hired mourners and consolers."

ALASKA COAL FIELD IS LARGE AND RICH

SEATTLE, Sept. 21.—Dr. Joseph A. Holmes, United States director of mines, returned from Alaska last night after making an investigation of the Matanuska coal fields. Further than to say he found the field big and rich he would make no statement. He will report personally to Secretary of the Interior Fisher.

# DESCENDANT OF MAYFLOWER VOYAGER IS IN BIG PAGEANT

MRS. HESTER HARLAND, who will manage one of the luncheon booths at Piedmont Park pageant Saturday.

Probably the most interesting feature of the series of historic tableaux which are to be given at the Eucalyptus Amphitheatre during the fete and pageant of Saturday at Piedmont Park, is the Puritan section. The preparations for this number of the program has been completed. Even as regards the costuming have the arrangements been made most complete.

John Turner Cheney, the eight-month-old son of Mr. and Mrs. Sheldon Cheney of Berkley, is to take the leading role. His costume, and cradle in which he will be carried, will be exhibited at the Oakland Museum. Little Cheney is a direct descendant of John Turner, who appears on the passenger list of the Mayflower, and whose name is inscribed on Plymouth Rock.

The entire cast of characters has been chosen and will be announced in full tomorrow. The local members of the Red Men and the Intervention of Pocahontas order are to take part. The Intervention of Pocahontas for the life of Captain John Smith will be depicted.

**PLANS COMPLETE.**

Plans and arrangements are assuming a satisfactory completeness, according to Miss Ethel Moore, who is at the head of the Pageant of Progress. The program will commence at 11 during the morning, and a picnic luncheon will be served on the grounds. At 2 o'clock a playlet, "Lady Geraldine's Speech," written by Beatrice Harrison, the famous English actress, of "Ships That Pass in the Night," will be presented. Madames Elwyn Stebbins, W. G. Patterson, W. A. Starr, Elizabeth Baker, and Miss Emma Black of the university, will charge of a group of cooks, who will act as assistants and ushers. Mrs. Kendall Morgan is being assisted in her work of distributing souvenirs by Mesdames Irving Lundborg, Cedric Wickery, L. L. Gage, John Ballantine, Jr., Herbert Hamilton Brown and E. Morris, and the following misses, Luette Mauvais, Crissy Tatt and Ethel Valentine.

## WILSON MAY FRUSTRATE EFFORTS OF POLICEMEN

Despite Ordinance Granting Raise in Rank and Salary to Trio, Others May Be the Beneficiaries

Initial reading and passage was given the ordinance making the stationkeepers of the Melrose police station corporals by the city council this morning on the formal recommendation of the civil service commission.

The informal report for the civil service commission tendered by its president Harrison S. Robinson, asking that the commission be not required to make a recommendation in the matter, was not taken under consideration this morning.

By the ordinance a raise in rank and salary will be granted the three stationkeepers. The ordinance was passed in the face of the opposition of Chief of Police Adelbert Wilson.

Councilman W. J. Biccus moved the passage of the ordinance, stating that it is obviously in keeping with the spirit of the new charter. Other commissioners concurred.

It is possible that Chief of Police Wilson may recommend that other men be placed in charge of the Melrose station, and by this action the present stationkeepers would not benefit from the change effected by the ordinance. Chet Wilson resented the action of the stationkeepers in "going politics" to get

the board of freeholders to include provision for them in the charter.

"There were no stationkeepers at the time of the going into effect of the new charter," said Chet Wilson. "None had ever been legally appointed. The three policemen were given the title of stationkeeper on their hats for the convenience of the public. I do not know what specific action I shall recommend.

Chet Wilson said that he had not been taken under consideration this morning.

The three patrolmen, or stationkeepers, who hope to become corporals, are John Murphy, Harry Gove and H. C. Ernest. They were represented in making their claim for recognition under the charter provision by Attorney W. C. Clark, a member of the old board of charter freeholders.

The ordinance is as follows:

"All stationkeepers in the employ of the police department of the city of Oakland on the first day of July, 1911, are hereby designated corporals according to the provisions of Section 80 of the charter of the city of Oakland and each corporal shall receive the compensation fixed by said charter."

## PENDLETON TO BE GUEST AT BANQUET

Associated Charities Will Be Host of Former City Councilman.

The Associated Charities of Oakland desire to show their appreciation of 11 years of faithful service of its president, Benjamin H. Pendleton, and knowing that many of his friends will wish to join with them in paying tribute to him when he returns from an Eastern trip, has arranged in his honor a public dinner at the Home Club, Cottage street and 4th Avenue, on the evening of September 30, at six-thirty o'clock.

Among the speakers will be Mayor Mott, H. C. Capwell and Harrison S. Robinson, Miss Katherine Felton, president of Pendleton's service to organized charity on both sides of the bay.

**BOOTH'S DAMAGED.**

SAN FRANCISCO, Sept. 21.—Misses Booth, in all sections of San Francisco have, during the past days, found diversion in crawling under election booths established for Tuesday's election and destroying their foundations and otherwise injuring their usefulness.

The police have been sent to prevent further damage to the booths.

Good Roads Club Meets and Agrees On Schedule; Many Cars Are Entered.

(By J. A. HOULIHAN.)

At a meeting of the Good Roads club which was held yesterday at noon at the San Francisco armory, it was announced to-day that he will not send his resignation to President Taft until the threatened publication of charges and criticism of his judicial career have been made and perhaps take action to vindicate himself. The jurist says he would invite a far-reaching investigation.

The number of entries which have thus far been received insures the success of the Standard-Dayton Company has entered two new Standard-Dayton cars. M. E. Stewart has entered two S. G. V. cars, the American Motors Company two Americans and the Howard Automobile Company two Buicks. In addition to these the following cars will also be contestants: A Columbia, a National, Brush, White, Voile and Marion.

Chester White, N. Weaver has wired the Studebaker factory for permission to enter two Flanders "20" stock cars. Provided he receives their sanction he intends to have his car painted as the colors of his district.

"No one need loot my office for I will show everything," said the judge.

## The Problem of the Human Tiger.

Such criminals as Jacob Oppenheimer are a baffling problem to penologists, especially to humanitarians opposed to capital punishment. Of course, the type is an unusual one, but not so rare as is generally imagined, and its individual idiosyncrasies make it exceedingly difficult to deal with. It cannot be generalized nor treated by any method of general application.

Oppenheimer is a man of keen intelligence and has never given any indication of mental disorder. His reasoning faculties appear to be sound and in perfect working order, and he labors under no illusions. That is one reason why he is so remarkable and dangerous a criminal. He has no more compunction about killing a man than he has about killing a fly. His ferocity is cold-blooded and calculating, which makes him a peculiarly dangerous and difficult prisoner to handle. Fear of consequences has no deterring effect upon him. Kindness and persuasion have failed to make him amenable to authority and discipline. His case seems hopeless.

Oppenheimer was a confirmed criminal when he was committed to Folsom prison about fifteen years ago. From the day he entered the prison he set rules and authorities at defiance. He was not noisy or turbulent, but a keen, bold, reckless plotter, who deliberately planned and carried out his ends regardless of consequences. His cold vindictiveness, his crafty cunning and his fearlessness speedily made him feared and gave him a leadership among the convicts. He accepted punishment with a stoical fortitude that excited a sort of admiration among prison officials. He never pleaded for mercy, never asked favors, made no excuses, and accepted kindness and punishment with equal indifference.

Sometime after his incarceration in Folsom he literally slashed another convict named Ross to pieces. He suspected Ross of giving the police information that led to his conviction. The murder was carefully and deliberately planned and executed with a tigerish ferocity. A mauldin jury gave him life sentence for his crime. He was transferred to San Quentin and there tried to murder a guard named McDonald, inflicting wounds that for a time were deemed to be fatal. He made other murderous attacks on officers and convicts, and is now under sentence of death. His last murder was characteristic. It was the execution of a vengeance. He had planned it long in advance and prepared himself for it. When the opportunity offered he slew his enemy as remorselessly as he would a rat, with a weapon he had fashioned for the purpose. Fortunately it was not a prison officer that fell under his displeasure.

What shall be done with such men—that is, if we do not hang them? One prisoner of the Oppenheimer type gives prison authorities more trouble and anxiety than a hundred ordinary prisoners. He has to be kept closely confined and guarded with unceasing vigilance, and handled with as many precautions as a rattlesnake. Forbearance only makes him more dangerous, while kindness evokes no feeling of gratitude. He combines keen-witted human intelligence with the heart and instincts of a jungle tiger. If such a man can be reformed is he worth reforming?

Senator Works says he is opposed to reducing the tariff on lemons and will do all he can to prevent it, but he says the reduction is likely to be made. Of course, if the tariff is slashed in every other direction the industries of California must suffer in proportion. All the insurgents, including Senator Works and Congressmen Stephens and Kent, are demanding that the tariff be revised downward. They are attacking the policy of protection. California cannot hold to the tariff protection; she now enjoys while depriving other States of the protection they enjoy. Revising the tariff downward will not leave high spots in California and other outside precincts. Tariff smashing will hit as hard in this State as in any other, and the industries of California can expect no protection from tariff smashers.

## Denying Christ at Berkeley.

Professor Benjamin W. Bacon, who is also a doctor of divinity, is telling the students of the State University that the miracles ascribed to Jesus in the New Testament are either greatly exaggerated or wholly imaginary. "The historical outline of Jesus' teaching, career and character, down to the crucifixion, is as little affected by the few anecdotes of miracles connected with the reports as that of other characters by similar anecdotes attached to them," says Professor Bacon.

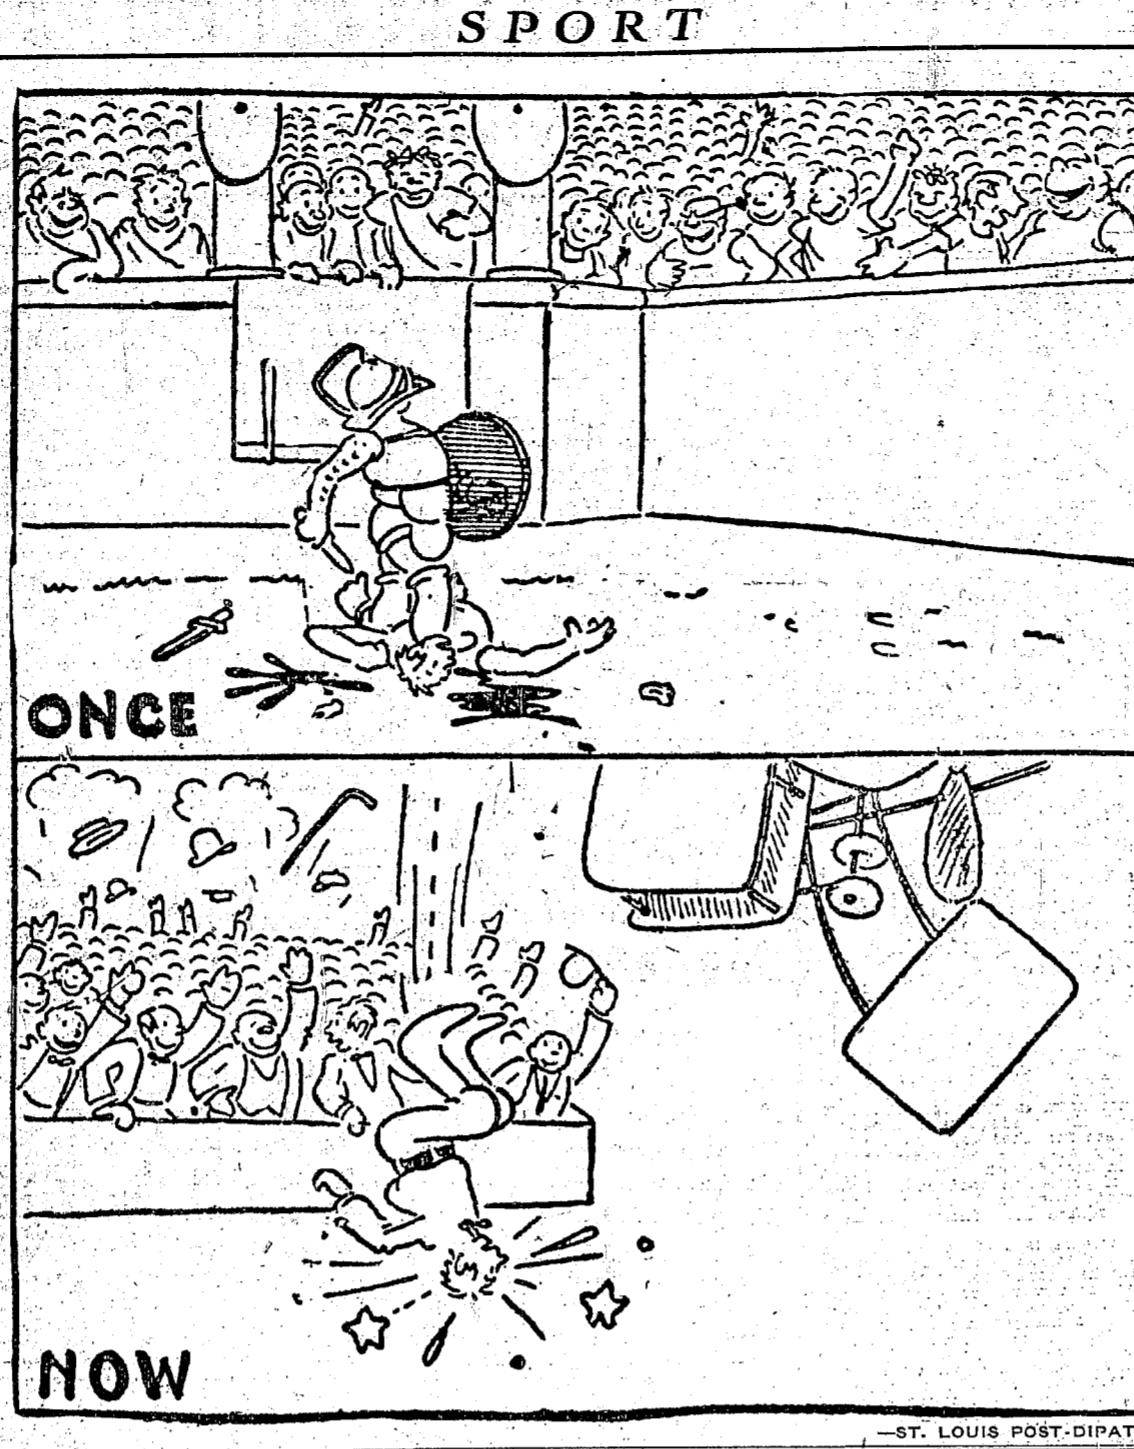

Unfortunately for this contention, the whole story of Jesus' life, works and teachings has the same basis of authenticity as the miracles which He performed—and no more. The resurrection of the Savior rests upon precisely the same authority. The Sermon on the Mount is no better verified than the raising of Lazarus from the dead. The story of the crucifixion has no better foundation, so far as human testimony goes, than the miracle of turning water into wine at the feast of Cana or feeding the multitude with seven loaves, and two small fishes.

Dr. Bacon has undertaken to revise the Scriptures to suit himself. He accepts the doctrine of Jesus' supernatural origin, but denies the manifestations of His divine power. This is mere presumption on his part.

Apparently he does not discern that the miracles were a fundamental part of Christ's work and mission. They were convincing evidences of His divine power given to a rude and ignorant people who could not be made to believe that the Lord was really among them unless given supernatural demonstrations of His divinity. The miracles were performed to prove Jesus' claim to divinity.

But because they were miracles Dr. Bacon rejects them. By doing so he impeaches the credibility of the whole story, as we have it from the four evangelical apostles, of the teachings, career and character of the Savior. He applies a purely human test to the works of Jesus, and then revises the testimony to fit his views. He calls this higher criticism. It is not criticism at all. It is a flat denial of the message contained in the New Testament. If the Gospels are merely a mouth-to-mouth transmission of stories full of errors, fictions and exaggerations they are not credible authority.

Will outrages never cease? The State Board of Control has refused to audit the bill for pressing Adjutant General Forbes' uniform. This affront to the citizen soldiery should provoke indignation from Marysville to Tripe Hill, from Santa Cruz to Soquel. Are General Forbes' military breeches to bag at the knees on dress parade? Shall the trousers of the head of the State's military establishment go uncreased in the face of the foe? Has the Board of Control no regard for the martial front of General Forbes? Can a brave man be expected to lead his troops in the imminent, deadly breach with uniform unpressed, with his military waistcoat wrinkled and his military breeches sagging in the rear like a waterlogged balloon? Not that General Forbes would ever show his rear to the foe, but that his front would not wear the neatness of aspect that is so terrifying to an enemy in the field. Surely the

ST. LOUIS POST-DISPATCH

Board of Control cannot appreciate the duties and responsibilities of glorious war, else the bill for pressing the uniform of so glorious a commander as General Forbes would not be held up. How is the reputation of the National Guard to be sustained? How is General Forbes to present the front of Mars, with his gold lace waistcoat wrinkling over his warlike stomach and his military breeches bagging about his heroic knees? Not since Ancient Pistol was made to eat a wild Welsh onion was such an indignity put upon a major so magnificent and puissant. All hell should stir for this.

## Stockton as a Seaport.

Our sprightly contemporary, the Stockton Mail, is not slow to perceive Oakland's strategic advantage as a maritime center, nor is it at all backward in saying what it thinks. It is even more optimistic about the future of Stockton; but if its hopes are somewhat extravagant, they are worthy of encouragement. Anything is preferable to pessimism—the languid doctrine that nothing is worth while and progress a vain delusion. We like to see a fellow talk up for his own town and cheerfully acknowledge the good other towns are doing. Says the Mail:

"There is a noticeable air of confidence and buoyant hope in Oakland these days. In a short time her docks will be ready to receive the big sea-going ships. The inevitable result will be that the sea trade will go to that side of the bay. Commerce runs along lines of least resistance, just as surely as does water. And it is not at all improbable that twenty years from now Oakland will be the chief city of the Pacific Coast. In fact, it is more than probable. There are those who think it certain."

"At the risk of being rated mildly lunatic or, possibly, drunk—though it is not yet the ninth hour of the morning—we venture the prediction that inside twenty years the most formidable rival of Oakland for maritime supremacy will be neither San Francisco nor Seattle nor Portland, but this very town of Stockton—now a comparative village, well inland."

THE TRIBUNE appreciates the good word said for Oakland and is frank to admit that there is a greater and a better future for Stockton. We are not so sanguine as the Mail that Stockton will become a leading seaport, but there is no reason why the Windmill City should not bring sea-going vessels to her wharves. Only enterprise, engineering skill and money are required to give Stockton a deep water channel. We should like to see one dredged out. Oakland is not jealous, nor do we believe a deep water channel to Stockton would hurt either San Francisco or this city.

The Manchester canal did not hurt Liverpool. A great many thought it would, but experience proved that what Liverpool lost in one way was more than made up in others. The canal gave a tremendous impetus to the spinning industry in the Lancashire district, and the cotton goods trade had to find its outlet through the Mersey, which flows by the wharves of Liverpool. But for the canal the spinning industry of Lancashire would have declined to the injury of Liverpool as a maritime and trade center. Instead of injuring Liverpool the canal helped her to hold her commerce, which was in danger of slipping away to other ports in England and the continent. The development of port facilities at Bristol, Antwerp, Hamburg, Glasgow and Havre de Grace deflected shipping from Liverpool, but the Manchester canal has tended to arrest the deflection. San Francisco and Oakland will benefit by every ship that enters San Francisco bay, even though some of the vessels continue to Stockton.

Oakland will get a fair allotment of time when President Taft visits California, but she wouldn't have got it if THE TRIBUNE, Congressman Knowland, Mayor Mott and the Chamber of Commerce had not taken the matter up and protested vigorously against the attempt to limit the President's stay among us to a few moments. But for the vigorous and united protest made by the political and commercial representatives of this city the job to make the cornerstone-laying of Oakland's new city hall a farce would have gone through.

## GERMANY IN PERSIA

There may turn out to be a close and tripartite division of Persia into spheres of influence. The British sphere was to be the southeastern corner, delimited by a line running from Bandar Abbas to Kerman and thence to Birjand. The Russian sphere was to be the northern part of the empire, above the line running through Kermanshah, Isfahan, Yezd and Kakh, nowhere abutting upon the British sphere. The intermediate region, including the entire northern shore of the Persian gulf, was left neutral ground. It is upon that that the German eye is now fixed. It includes the whole of southwestern Persia, the region adjoining the mouth of the Euphrates and the terminal of the Bagdad railroad, wherever that may be, with the important port of Bushire and the inland trade center of Shiraz. For this to be conceded to Germany and expansion in that part of the world.

It will be recalled that some years ago Great Britain and Russia agreed upon a

## WAY OF THE WORLD

Colonel John Jacob Astor, 47, years old and a divorcee, has taken his second wife, aged 18, and the two are aboard the colonel's yacht at sea, no doubt as happy as the proverbial cooling doves.

Bedecked to an extent probably unequalled in modern times, the pair apparently had more difficulties to overcome than any couple in history. Clergyman after clergyman was reported to have refused to perform the ceremony, and some of them assailed the proposed alliance in withering terms. It was through no personal unfitness of Colonel Astor for the union that it aroused so much of popular opposition, but that it afforded opportunity to manifest the growing sentiment against too free use of the divorce court in these latter days. Under the decree granted his first wife, Colonel Astor was forbidden remarriage in that State during the lifetime of his former wife. The New York Times.

# OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair Is First Sign of Age, Harmless Remedy Restores to Natural Color.

Oster isn't the only man who turns down old age. The newest member of the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race.

One of the first signs of coming age is the appearance of gray hairs. When you see them act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old-time remedies with other agents, which are dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and used by all druggists.

Special agent, Owl Drug Co., 13th and Broadway, Washington and 10th streets, 16th and San Pablo avenue.

## DANCE PROMISES TO BE ARTISTIC

Plans for Police Ball Presage Successful Social Affair.

Preparations for the third annual ball to be given at Piedmont pavilion on the evening of October 10 for the benefit of the Widows' & Orphans' Aid association of the Oakland police department are in progress, and Chairman Charles F. McCarthy of the committee in charge announces that no expense will be spared to make the event excel in an artistic as well as in a social sense anything of the kind heretofore given by the association.

Sergeant William M. McCleod who will head the reception committee, is known as an authority on ballroom ethics and his knowledge of the teachings of Lord Charnwood is unequalled. He is at present engaged in formulating a set of rules for the guidance of the committee.

A band of 30 select soloists of international reputation will provide music for the evening. Several soloists, seven of whom are piano soloists, will be rendered by the band for the entertainment of those not versed in the terpsichorean art. Officer George Green, who is in charge of the electrical display, promises something unique in the way of illumination.

Officer Crandall of the committee on decorations whose judgment of the artistic and the beautiful is unsurpassed, reports that the pavilion will be converted into a scene of tropical grandeur with numerous nooks and bower for the accommodation of those sentimentally disposed. Enthusiasm rampant among the members of the police department, several having volunteered to find entertainment in the way of specialties.

As on former occasions, members will appear in evening dress, but delegation of uniformed men will be in attendance to assist in making the evening a pleasant one. The advance sale of tickets has been large.

**SAVANTS TO USE FOILS.**

STANFORD UNIVERSITY, Sept. 21.—With cries of "on guard," and "touche!" members of the faculty will while away Saturday afternoons during the coming winter months. ## DOWNPOUR OF RAIN FAILS TO DAMPEN PRESIDENT'S WELCOME IN GRAND RAPIDS

Taft Delivers Four Speeches, in One of Which He Explains Why He Vetoed Three Tariff Bills Passed at Extra Session

GRAND RAPIDS, Mich., Sept. 21.—President Taft was aroused early to enter upon his fourth busy day in Michigan, the Grand Rapids program calling for every minute of his time from the arrival of his special car at 6:40 until his departure to the southern part of the state at 1 o'clock. The President was greeted at his car by a reception committee headed by Senator William Alden Smith. Automobiles were waiting to take him to the lake, where breakfast was served, a large party of leading citizens being present. No time was given at the club for the President's favorite pastime, golf, although the links are blossomed along the lakes in the country and quickly drew Mr. Taft's eye.

MADE FOUR SPEECHES.

Following the luncheon the program included an automobile run to the Michigan State Soldiers' Home at 8:40, a speech there at 10 o'clock, an automobile drive back to the city, a speech to an open-air mass meeting in Campus square at 11 o'clock—the principal address of the day—a fifteen-minute talk at the Central high school at 12:20, a fifteen-minute talk at the Literary Club at 12:40, and departure for Battle Creek at 3 o'clock.

It was evident during virtually the presidential part of the day that the skies overcast, but the downpour let up before the start for the County Club.

CAMPUS SQUARE SPEECH.

President Taft made the first speech of his Western trip on the tariff and his views of the wool, cotton and farmers' free list bills. The President attacked the Democrats and "insurgent" Republicans in the Senate and House who put those bills through Congress at the special session, defended his own course in voting them, and declared that he was unalterably opposed to revision of the tariff except on information secured by the tariff board.

He defined clearly his own position with regard to tariff revision and made it plain that even if political defeat stared him in the face he would not alter his policy. The President predicted that revising the tariff with "blacksmith tools" such as he said the coalition of Democratic and "insurgents" used will lead inevitably to a revolution of feeling and a recurrence of the higher rates and the old system of high tariff.

MR. TAFT'S POSITION.

The President said in part:

"My fellow citizens: I am going to tell you in as simple a way as I can why I vetoed the three tariff bills which Congress submitted to me for signature. In doing so I did not mean to offend any of my constituents. I called the session to secure the enactment in law of the Canadian reciprocity treaty. This bill was passed July 22. Thereafter, the wool bill, the free-list bill and the cotton bill were presented to me for signature, and I returned them, without my approval, and explained my reasons for so doing in a special message on each bill.

"I am not going to discuss the Payne bill except to say that the controversy over its merits and demerits developed a very strong sentiment among Republicans, and, indeed among many Democrats, that the free list bill was called the 'farmers' free list,' for it was passed, I believe, to injure the farmers for some sort of reciprocity agreement made by the Canadian government with the leader of the Democracy on the floor of the House of Representatives and is certainly not true.

"The bill, however, in the Canadian reciprocity bill, that resulted in compensation to the farmers for an important period after actual operation it will affect all agriculture, as well as everybody else, having been derived in condition by our largest trade with Canada. But the bill was framed to cause it to remain in form calculated to mislead as to its effect."

"In the first clause all agricultural implements were denied to be free, and a great many were named. Some implements were named in the Payne bill, but not in the free list, and I was asked 'too much to delay the bill under the circumstances, for 90 days might be necessary to secure accurate information?' I could say that the bill is not good.

"FARMERS' FREE LIST.

"The free list bill was called the 'farmers' free list,' for the purpose of giving an impression that it was passed to injure the farmers for some sort of reciprocity agreement made by the Canadian government with the leader of the Democracy on the floor of the House of Representatives and is certainly not true.

"This bill, however, in the Canadian reciprocity bill, that resulted in compensation to the farmers for an important period after actual operation it will affect all agriculture, as well as everybody else, having been derived in condition by our largest trade with Canada. But the bill was framed to cause it to remain in form calculated to mislead as to its effect."

"In the first clause all agricultural implements were denied to be free, and a great many were named. Some implements were named in the Payne bill, but not in the free list, and I was asked 'too much to delay the bill under the circumstances, for 90 days might be necessary to secure accurate information?' I could say that the bill is not good.

"WHERE JOKER LURKED.

"Another clause provides for the admission of lumber with fencing free, and lumber was made free in that bill from any country which had permitted our agricultural implements to be made without duty.

"This opened to England the market of the United States for agricultural implements. As a matter of fact, the price of agricultural implements in America is cheaper as is shown by a report of the Bureau of Trade Protection of the State Department, to the American Legation.

"The one country that exports agricultural implements to any great extent and so successfully is Canada. But the Canadian agricultural implements that England buys very few have come in from England.

"This first clause, therefore, of the free list bill offers no boon to the farmer at all, although apparently drawn for that purpose of inducing them to that bill.

MEAT AND FLOUR ITEMS.

"The bill went to the Senate and was there amended in a few unimportant particulars, one requiring confirmation of the appointment of the members of the Senate and another modifying in some respects the constitutional powers of the board. The changes necessitated a return of the bill to the House for its concurrence in the amendments. A large majority favored concurrence, but a small minority was able to beat the bill by filibustering in the last hours of the session. In the uncertainty as to the passage of the bill, both Houses had provided \$225,000 for me to continue the Tariff Board, but the existing bill for the other board failed of passage. In this appropriation bill the statutory Tariff Board, if established, was directed to investigate and report upon Schedule K on wool and woollens by December 1, 1911.

"Upon the failure of the bill for a statutory board, and in an earnest effort to induce Congress to act with accurate knowledge of Schedule K and, indeed, on Schedule K on cotton manufacture I issued an order to the Tariff Board already appointed to continue the investigations of these schedules end to report upon the same on December 1, 1911.

The board consists of two professors of economics of the highest standing, one at Yale and one at the University of Virginia, a former Assistant Secretary of the Treasury in charge of customs, the proprietor and editor of an agricultural and stock raising newspaper—an authority on these subjects—and a former Democratic Congressman of great ability and experience from Georgia. They are to report on the "glossary" and the facts as to the comparative cost of foreign and domestic production after investigations made by experts in their employ. They have 60 persons under them working hard to complete the work marked out for them.

CAUSE OF RESUME.

"I have now over with care this history of the movement for a Tariff Board in order to show how fully committed I am to the proposition that we ought not to have any revision of a schedule of the tariff without accurate information as to the operation and effect of the proposed changes, and further to show that in this view I have had in the past the hearty support not only of the regular Republicans, but also, and even with more em-

## JORDAN TURNS ON SOUTHERN CRITICS

Secretary of State Tells Why Amendments Are On Large Sheet.

SACRAMENTO, Sept. 21.—Secretary of State Jordan's ire has been aroused by a criticism of the unwieldy form in which the constitutional amendments have been sent out to the voters. The criticism was published in a Southern California newspaper under the title, "Jordan's Revenge Is Size of Sheet."

"I did not want the amendments printed in their present form," said Jordan in a letter of protest, "but recommended to the governor, the state printer and the Board of Control that they be printed in pamphlet form."

"Investigation by these gentlemen showed the cost of publication and distribution in pamphlet form to be something in excess of \$16,000 whereas the appropriation made by the last legislature for the printing of the amendments was only \$4,000."

"To print and distribute them in their present form will cost about \$8,000, and necessitates creating a deficiency appropriation of about \$5,000."

"I made every effort to curtail the arguments."

The amendments and arguments were sent out on a sheet of paper three feet two inches in length and two feet in width. Printing appears on both sides of the sheet, and an additional sheet of 12 inches by 9½ inches was needed to include all the arguments.

## ROLPH GIVES FIRST AID TO INJURED BOY

SAN FRANCISCO, Sept. 21.—James Rolph, Jr., candidate for mayor, last night rendered first aid to the injured when 11-year-old Morris Griffin of 529 Connecticut street was run over by a red touring car at Tennessee and Eighteenth streets.

Griffin, with two other boys, was stealing a ride on the back of the touring car, which was returning with spectators from a Rolph rally at Tennessee and Nineteenth streets. Rolph was in an automobile behind the touring car, and when he saw Griffin fall under the wheels he had his chauffeur stop his machine and went to the assistance of the boy, who was unconscious.

## STUBBS TO RETIRE FIRST OF NEW YEAR

CHICAGO, Sept. 21.—John C. Stubbs, vice-president and director of traffic of the Harriman Lines, has announced that he will retire January 1. His successor has not been named. Stubbs will make his home in Ashland, Ohio, where he was born in 1847. He entered railway service in 1869 as a clerk in the freight office of the Pittsburg, Cincinnati & St. Louis railroad at Columbus, Ohio.

RECTOR ADAMS IS HELD.  
ARCATA, Sept. 21.—The Rev. Henry L. Adams, rector of the Episcopal church here, was bound over to the superior court to answer to the charge of robbing the cash drawer of the Union Water Company last Saturday. His bond was fixed at \$1,000, which was furnished.

## FRESHMEN HOLD CLASS ELECTION

Students of St. Mary's College Choose Officers for the Scholastic Year.

The freshman class of St. Mary's college held its first meeting of the term yesterday and elected class officers for the scholastic year. The following were chosen:

Honorary president, Brother V. Cyril, F. S. C.; president, Romeo O. Tognazini; vice president, William C. Young; secretary, Frederick A. O'Dea; treasurer, Clemente A. Bonetti; bouncer at large, Francis Clinton.

Following are students composing the executive committee of the freshman class:

George B. Brown, Edgar M. Bartlett, Thomas L. Lennon, James H. Bell, Harold J. McDonnell, Harry A. Cox and Richard H. Hammond, Jr.

Most of the freshmen are graduates of the high school department of St. Mary's and have the reputation of being an energetic group of college boosters. Plans will be discussed at the next meeting for the adoption of the class paper which the present juniors carried through their freshman and sophomore years.

## HOME CLUB GIVES ARTISTIC LUNCH

Guests of Honor Were Leading Members of Lambardi Opera Company.

A brilliant assemblage of prominent women gathered today at the Home club to enjoy the elaborately appointed luncheon followed by the artistic program that was prepared for the day at the attractive club house in East Oakland.

Leading members of the Lambardi Opera company were the guests of honor, and following the repast they generously contributed to the success of the favorite entertainments presenting each number in a finished and brilliant manner.

The program possessed merit far beyond that usually offered at club gatherings and was enlivened by full musical entertainment.

Mr. E. G. Schickhoff, president hostess of the day, was assisted in receiving

Mrs. Arthur L. Adams, Mrs. R. H. Allen, Miss Mary Alexander, Mrs. C. W. Armstrong, Mrs. J. B. Baldwin, Mrs. Beeson, Mrs. A. Belcher, Mrs. Philip Boone, Mrs. E. J. Boyes, Mrs. E. B. Brayden, Mrs. A. H. Breed, Mrs. L. G. Burpee, Dr. Alice Bush and Dr. Buckel.

The fine decorations were ingeniously and festively arranged, and the whole scene presented was one of harmony and beauty.

Among the hostesses who entertained groups of friends were noticed Mrs. George M. Gray, Mrs. Philip Boone, Mrs. Robert Leckie, Mrs. Gaynor, Mrs. Harry Carlton, Mrs. Carey Howard, Mrs. H. Hills, Mrs. James A. Johnson, Mrs. J. R. Jones, Mrs. B. J. Keeler, Mrs. F. L. Miller, Mrs. J. Waterhouse, Mrs. F. S. Shepard, Mrs. J. Kennison, Mrs. J. M. Chase, Mrs. Arthur Breed, Mrs. David Gage, Mrs. W. W. Crane, Mrs. H. K. Jackson, Mrs. D. H. Mathes, Mrs. J. H. Shearer and others.

## KID VENTRILOQUIST AT BELL MYSTIFIES BIG AUDIENCES

"The Kid Ventriloquist," Grace De Winters, who has made a hit at the Bell Theater this week.

Grace De Winters, "The Kid Ventriloquist," is the big surprise of the Bell show this week in an act that sets everyone wondering how she accomplishes it.

Ventriloquism is not wondered at to any extent these days, but if you sit and listen to this mere child you cannot help but exclaim at the marvelous power the girl possesses. She uses the much worked dummy to aid her, but the delusion is so perfect and her presentation so clear-cut that it has caused widespread comment by the hundreds who have heard her.

Albin, master illusionist, causes eyes to almost roll out of their sockets at the weird and uncanny tricks in the lore of the fair past that he is entertaining his auditors with this week. To see a human body disappear before one's very eyes may cause you to doubt your senses, but that is only one of the many puzzling feats he is performing. "Astra" is a new illusion and one that has defied all attempts at investigation, not alone by the observer who watches it

from a theater seat, but by men wise and skilled in the arts and profession of magic. Tomorrow evening Albin will add to his act by exposing the tricks of the celebrated Anna Eva Fay. Her slate writing and cabinet tricks will be shown up so that the unskilled performer can produce them for the edification of his friends at home.

Two typical Broadway performers are Ward & Cullen in a hedge-hodge of dancing and merry piff-paff. Originality is stamped all over their offering and they make more than good with the audience. An intensely powerful, well written and excellently produced sketch in Francis Hoyt's "The District Attorney," with Hoyt and Lessing, both recent Frohman players, in the cast.

Joe Cook, "master of all trades," does a little of everything in the few minutes he is out in front, all seasoned with a cracking good brand of comedy that is diverting. Kaufman & Sartelle are character vocalists and instrumentalists in a delightful few minutes of musical numbers.

## ROLPH SPEAKS TO MANY THOUSANDS

Mayoralty Candidate Carries His Message to Workers of San Francisco.

SAN FRANCISCO, Sept. 21.—A political meeting, unique in the history of San Francisco, was held yesterday at Washington and Davis streets in the heart of the commission and produce districts, when James Rolph, Jr., inaugurated a new campaign method and addressed a mass meeting at 7:30 o'clock in the morning.

After his street talk Rolph was invited by commissioners of the district to visit the various warehouses and plants and spent three hours in going from place to place, meeting hundreds of men and talking with them on political subjects. Everywhere he was greeted with enthusiasm and goodwill and was provided hundreds of votes.

At noon Rolph addressed a crowd of nearly 300 union labor men at the foot of Third street, talking for more than twenty minutes to the top of a platform, finally leaving while cheers were given him.

After his speech Rolph stopped to shake hands and talk with several of the men who had led the McCarthy cheering at the previous meeting and who had asked him questions. He talked straight from the shoulder to them, setting himself right on various matters concerning which he has been misrepresented by his opponents and was answered by his supporters from many who had been his opponents before the meeting began.

Andrew Furuseth will speak at a Rolph mass meeting in the Central theater tonight and Monday night the Labor Rolph Committee will hold a great gathering to cheer Rolph's candidacy for mayor.

Other Rolph meetings will be held tonight in Dreamland rink under the auspices of the Good Government League and in Schenck's hall, 39 Turk street, under the auspices of the Rolph club.

## CELEBRATE FOUNDING OF ST. MATTHEW'S SCHOOL

BURLINGAME, Sept. 21.—Following an old custom, the faculty, cadets and alumni of St. Matthew's school observe and celebrate today "St. Matthew's day," the anniversary of the founding of the local military institution.

Rev. William A. Brewer, rector of the school, arranged for an interesting program for the entertainment of the guests, who arrived in Burlingame on the 10:40 and 11:40 o'clock trains from San Francisco. A feature of the day's activities was a competitive drill in the manual of arms for three medals presented by the Alumni association.

Luncheon was served in the dining hall at 1:30 o'clock and the remainder of the afternoon was devoted to a hop in the armory and the renewal of old acquaintances.

PIONEER MARINER DIES.  
LOS ANGELES, Sept. 21.—Captain Charles J. Fog, one of the pioneers who followed the wagon trail to California in the first gold days, became master of a merchantman at 21 and owned a ship before he was 25, and was widely known along the coast mariners, is dead here at the age of nearly 90 years. Considering the good quest a failure, he sailed the Western seas.

## M'Carthy Speaks At 7 Meetings

Mayor's Remarks Were Brief, and Were Cheered by Large Audiences.

SAN FRANCISCO, Sept. 21.—Seven crowded meetings were addressed last night by P. H. McCarthy. His speeches were short and he used but one principal argument. McCarthy declared that he had the proof that the Citizens Alliance was endeavoring to unlead thousands of Eastern laborers to San Francisco.

During the evening McCarthy first went to the West of Douglas Street club to talk to the members. He then drove to Fourteenth street. He then proceeded to a crowded hall at Hayes and Laguna streets, and subsequently addressed an overflow meeting on the outside. Thence he went to Polk street, then to 131 Duboce avenue, Eighteenth and Castro streets and Twenty-fourth street and Potrero avenue.

McCarthy will address the following meetings tonight:

Twenty-ninth District—Kober's hall, California street and Twenty-first avenue.

Forty-fifth District—Waddington Square Theater, Powell street and Montgomery street.

Thirty-third District—Young Men's Hebrew Association hall, Page and Stanyan streets.

Thirty-third District—P. H. McCarthy Women's Club, 3307 Mission street.

Business Men's P. H. McCarthy Association, B'nai B'rith Hall, 149 Eddy street.

OFFICIALS MAY BE FORCED TO RESIGN

VALLEJO, Sept. 21.—Two members of the commission of health, Charles L. Winchell and Dr. James Brownlie, face compulsory resignation. This is because they are interested in companies furnishing hardware supplies to the municipality.

Auditor George Hildreth takes the position that he will not audit any claims in favor of these officials while their companies are doing business with the city.

NERO TO COME WEST.  
MARINE ISLAND, Sept. 21.—The Pacific auxiliary fleet will have another vessel added to take the place of the Saturday now to be put in service in San Francisco. The new vessel will be the Nero, which will leave New York shortly with fuel for this coast.

# Light can't spoil Schlitz in Brown Bottles

It is not enough to make pure beer, it must be kept pure until it is poured into your glass.

Beer is a saccharine product. The slightest taint of impurity injures its healthfulness. Light starts decay even in pure beer. Dark glass, the scientists say, gives protection against light.

Purity above everything else distinguishes Schlitz beer from common beer.

We use the costliest materials—we age Schlitz for months to prevent biliousness—it will not ferment in your stomach.

Schlitz is sent to you in Brown Bottles, thus protecting Schlitz purity from the brewery to your glass.

Without all these precautions no beer can be healthful, and who knowingly would drink beer that was not?

If you knew what we know about beer, you would say, "Schlitz

—Schlitz in Brown Bottles."

See that crown or cork is branded "Schlitz."

## MRS. ALISKY SUES, NAMING AFFINITY

Sister of Mrs. Corey Blames Mrs. Willis for Her Unhappiness.

SAN FRANCISCO, Sept. 21.—Mrs. Pearl Gilman Alisky, one of the Gilman sisters, wife of a theatrical man, brought suit for divorce yesterday. Mrs. Theo Willis is named as the affiant.

Mrs. Alisky is the sister of Maybelle Gilman, who died recently, and discovered her family.

She declares that Alisky has told her repeatedly that he cares not if he never sees her again.

Alisky says that her husband receives an income of \$750 a month from his various theatrical ventures.

The community property, she says, consists of a comfortable sum in the West Fargo National Bank, Superior, and the Superior Court to award her the total of this. For counsel fees and costs Mrs. Alisky asks \$1,000.

Alisky was married in San Diego on October 1, 1908. The wife says that her life remained happy until only a few months. There are no children.

Mrs. Alisky has attracted public interest in the last year or two as a party to a lawsuit over oil lands near Bakersfield. The suit is pending in the Superior Court.

CHARGE OF REBATING PROBED IN PORTLAND

PORTLAND, Ore., Sept. 21.—Representatives of the departments of Justice and Commerce and Labor are in Portland conducting a quiet investigation into reports recently in circulation to the effect that a number of the local exporters have been collecting alleged rebates of something like 40 per cent of the amount they pay the stevedoring firms for loading grain vessels. The stevedores are given 30 cents a ton for loading a grain ship, and it has been claimed that they were obliged to return 12 cents a ton to several of the exporters.

LABOR IS SCARCE.

FRESNO, Sept. 21.—The scarcity of white labor in Fresno county has forced the farmers to look elsewhere for help to harvest the grape crop.

Dozens of vineyardists owning small ranches are employing schoolboys each Saturday and after school hours in an effort to get the Muscats off the vines and on the trays.

DIAMOND THIEVES WORK AT NOON HOUR

SAN DIEGO, Sept. 21.—While David Wilsenberg, a pawnbroker at 1326 F street, was at luncheon at noon yesterday thieves forced an entrance to his store, emptied the trays containing diamonds valued at \$4,000, left jewelry and diamonds valued at \$3,000 and made their escape. The crime was committed within sight of where hundreds of persons pass every hour.

The work was done so quickly and so well that the criminals made good their escape, and the police have absolutely no trace of their whereabouts, they say.

# THERE'S NO RISK

If This Medicine Does Not Benefit You Pay Nothing

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing to the inflamed membranes of the stomach. "Rexall" is a pepsi, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite and digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you to try them at our risk. If we do not give you entire satisfaction, we will return the money you paid us for them without deduction or formality. They cost in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at The Owl Drug Co., Inc., Tenth and Washington, Thirteenth and Broadway, Sixteenth and San Pablo.

## SANTA FE BEGINS WORK ON SHOPS

**Richmond to Be the Scene of Railroad Activity for Many Weeks.**

RICHMOND, Sept. 21.—Preliminary work that will cost about \$25,000, has been begun by the Santa Fe on the enlargement of its shops in this city. A pile driver is being erected to help in the work of laying a foundation and a part of the roof and walls of the present building are being removed. Four new pits will be added to the machine shops at once.

Track laying to extend the yards over the strip of land recently ceded by the city to the railroad on Antioch Avenue will be started in a few days.

The revival of the project to bring a railroad across from the Marin shore by way of McNear's point and Point San Pablo has brought out some interesting history in connection with it that gives the project a wide interest. It originated in the plan now. Four years ago Rudolph Spreckels and J. K. Lynch of the First National bank in San Francisco, who were interested in the Petaluma & Santa Rosa line, and W. F. Kelly of the Oakland Navigation Company, with Clinton E. Worden and Will S. Tovis, heavy owners in the Bell road in Richmond, planned to make connection with Richmond for the Petaluma & Santa Rosa. Just as the work was to begin the panic came in and blocked further progress.

It is said that some of the same persons are in the project now. At least two of them are interested in the United Properties Company, which is planning much development in Richmond.

## SUED FOR DIVORCE; JUMPS FROM CLIFF

SANTA CRUZ, Sept. 21.—Schuyler Candler, employed at St. Vincent's mill, committed suicide yesterday by jumping with the rest from the cliffs at Vuie de l'Eau. He was to have appeared in court this morning to answer to a charge of wife beating.

Charles Candler, here recently from San Jose, drew what money was coming to him this morning and went to the little store near the cliffs conducted by his wife, who had left him. He deposited the money in a small safe on the doorsteps of the store without entering, walked to the edge of the cliff and plunged over. A note left with the money explained his intentions. The body has not been recovered.

**SWALLOWS GLASS.**  
PLACERVILLE, Sept. 21.—Charles Seymour, a mining man of this place, became suddenly violently insane at the Ivy House in this city. Early yesterday morning he slashed his throat with a small knife he had succeeded in concealing, but was disarmed before inflicting a mortal wound. Later he asked for a drink and when it was given him in a glass he bit out a piece of the glass, crushed it between his teeth and swallowed a portion of it in spite of the efforts of his keepers to restrain him. Physicians say he has a good chance to live.

**ACCEPT INVITATION.**  
LIVERMORE, Sept. 21.—The trustees of the Livermore public library have accepted an invitation from the Board of Library trustees of this place to visit the local institution and inspect the new building.

A sight-seeing trip in automobiles is being planned for the visitors. No definite date for the visit has yet been decided upon.

**CASH VOTED FOR CARNIVAL.**  
MARTINEZ, Sept. 21.—The board of directors voted to contribute \$200 to the Walnut Creek grape carnival, and this, with a like sum donated by the Burgess Company, will add materially to the success of the valley town's first festival.

## Corns Come Out Just as Easy!

The New Surprise, "Gets-It."

Every man and woman who has corns, callouses, warts or bunions, ought to try "Gets-It" at once and see how marvelously it works. It may be hard for you to believe it, until you experience the results yourself.

"GETS-IT" is remarkable because it never irritates or turns the true flesh sore or raw. It can't. It is made of water. Stockings won't stick to it. Corns stop. The corn or callous shrivels up, it comes out, and blessed relief.

Quit shaving your corn with a razor. You may draw blood and cause blood-poisoning.

"GETS-IT" is sold at druggists at 25 cents a bottle or sent on receipt of price by E. Lawrence & Co., Chicago, Ill. Sold in Oakland by The Owl Drug Company.

### RICHMOND PLANS GLAD HAND CLUB

Organization Will Meet and Greet All Distinguished Visitors to City.

RICHMOND, Sept. 21.—An organization of the business and professional men of the city to serve as a central body for the entertainment of guests, associations, and other visitors to the city, will be formed on next Tuesday evening at the Fern Park addition for a public school. It will be held in the Mechanics Bank Building here. The members will be called by four prominent real estate firms of the city, who have taken it upon themselves to act as a committee to effect the organization. These firms are the Fred Schram company, the Richmond Real Estate Co., the MacQuaidy & MacQuaidy company. They have sent the following letter to the business men and merchants of the city:

RICHMOND, Cal., Sept. 20.

Gentlemen—There is a demand for a representative business and professional organization to extend and receive invitations to and from similar organizations in other cities.

We believe that the real estate men represent the most progressive spirit of the city of Richmond.

The Merchants Association of San Francisco is awaiting an invitation to visit this city, and there is no representative organization to extend the invitation. We sincerely trust that you will attend a meeting of the local real estate men next Tuesday evening at 8 o'clock, in the Mechanics Bank Building, S. September 26, 1917.

FRED SCHRAM & CO.  
RICHMOND REAL ESTATE CO.  
TRUETT MACQUOIDY CO.

The promoters of the scheme believe that such an organization as projected can accomplish much to advertise Richmond abroad, performing the same service that a chamber of commerce does in other communities.

**FRANCHISE LEAGUE HOLDS MASS MEETING**

HAYWARD, Sept. 21.—Under the auspices of the Hayward Franchise League, a mass meeting was held here last night in support of the passage of a suffrage amendment to be voted on next month. The speakers were J. S. Cato and Mrs. Mary D. Fisk, of New York, and Mrs. L. F. Fletcher of San Francisco.

The suffragettes, referendum and recall were also discussed from the platform. The gathering was presided over by Mrs. R. W. Mastick, president of the Franchise League.

Among the prominent women present were: Mrs. F. E. Allen, Mrs. J. Park, Mrs. Herman Walker, Mrs. C. L. Little and Mrs. A. Powell.

A large meeting was also held here on Saturday afternoon in cannery works at which the speakers were Mrs. Cato and several speakers, among them being Mrs. Fisk. By the courtesy of the management of the pickle factory the employees of that concern were also present, special arrangements having been made for that end.

**SOBRANTE CLAIMANTS REMAIN DISSATISFIED**

MARTINEZ, Sept. 21.—Steps have been taken here to vacate judgment in the partition of the land known as the Sobrante Grant. It was claimed that the appointment of the land was unjust and that it should be reapportioned.

After the Supreme Court allowed the claim and titles of interest in the land in question of reference were appointed for the purpose of apportioning the land, Judge Harris of Oakland was appointed to receive the allotment, and with a number of minor modifications he affirmed their rights. The point is now made that this allotment was ratified and Judge Harris will hear a motion for a rehearing next week.

If he does not grant it an appeal will be taken. The Sobrante grant includes 5,000 acres of land in Contra Costa county and has been in litigation for the last ten years.

**DOMESTIC SCIENCE COURSE**

M.T. EDEN, Sept. 21.—A domestic science course has been inaugurated at Mt. Eden grammar school. Miss Ella Culkin has charge of the class which has doubled in the last two days.

**Piedmont Notes**

PIEDMONT, Sept. 21.—Society, elaborately attired, made a charming picture in the garden of the Waldron home on Hillside avenue on Wednesday afternoon to see the wedding of the garden girls given by Mrs. Newton Alexander Koser, Mrs. John C. Koser and Mrs. Roy Lester McCabe. Turkish rugs were spread out on the lawn and garden chairs and settees were arranged in convenient groups throughout the garden.

The receiving party stood just inside the gateway under a huge umbrella and two little maids, Hetherly Britton and Elizabeth Koser, held dainty baskets in which to receive the cards.

A stringed orchestra stationed on the brick terrace rendered choice musical selections.

Refreshments were served in the reception and dining rooms, which were beautifully decorated with yellow chrysanthemums.

Among those present were: Mrs. McCane, Mrs. Frank Mitchell, Mrs. H. C. Myatt, Mrs. D. W. C. Gaskin, Mrs. J. F. Smith, Mrs. F. M. Thomas, Mrs. Robert Phillips, Mr. W. B. Barnard, Mrs. C. F. ## HEART--TRIBUNE'S PAGE FOR WOMEN--HOME

## SOCIETY

RS. EDGAR AXTON JONES presided at an elaborate tea at her home in Piedmont today, complimenting her niece, Miss Virginia Walsh of Los Angeles, and Miss Ruth Sadler, the fiancee of Bertrand York. The house was beautifully decorated, yellow being used in the living room and in the dining room. Maryland roses and lilies of the valley were tastefully used. About one hundred guests called during the afternoon. Mrs. Jones was gowned in a stunning white lace gown over satin, embellished with turquoise. Miss Walsh's costume was a modish creation of white satin and chiffon. Miss Sadler was attractively gowned in white satin and black chiffon beaded.

Another smart affair that claimed the attendance of the exclusive set today was the tea presided over by Mrs. William Letts Oliver at her attractive home in Vernon street. Mrs. Harold Oliver and Miss Leslie Oliver two recent brides, shared the honors of this delightful affair. Baskets of chrysanthemums artistically arranged formed the decoration in the living room and in the dining room while in the reception room and halls pink blossoms were worn by the receiving party. The two honored guests were attired in their wedding gowns.

Mrs. William Letts Oliver wore a becoming reception robe of messoline in the orchid tint embellished with rare lace. Other members of the receiving party, all of whom were attractively gowned were:

Mrs. Roland G. Brown Mrs. Helen Lowden  
Mrs. Marian Brown Miss Ruth Wilder  
Mrs. Everts Mrs. Dan Belden  
Mrs. George Jensen Mrs. Harry Alderson  
Miss Florine Brown Miss Anna Johnson

Miss Dorothy Taylor Mrs. E. C. Morrison

## DANCING PARTY.

Mrs. H. P. Fessenden and Mrs. George Mott have sent out 150 cards for the evening of September 21 when they will entertain at a dancing party at the Hillside Club house in North Berkeley. The guests of honor will be Mr. and Mrs. Fritz Denicke who are planning to leave soon for a year's trip abroad.

## FOR BRIDE-ELECT.

Miss Alice Poorman will entertain at a luncheon at the Palace Hotel in honor of Miss Ruth Sadler on October 2. Among the guests will be Mrs. Louis Meade, Mrs. Mende, Miss Rotta Hunter, Miss Harriet Schultz and Miss Ethel O'Brien. A number of affairs have been planned for Miss Sadler and in the near future Mrs. Meade and Miss Edna Rooney will be hostesses in her honor. Miss Sadler has set October 18 as her wedding day.

## BRILLIANT BALL.

The ball given last night by La Beau Monde Club at the Home Club in East Oakland was one of the most interesting affairs of the week and was in every way a brilliant success. Over two hundred guests were in attendance.

The ballroom was attractively dec-

## PRISONER CALMLY GAZES ON MURDERED SIX NO DEFINITE CLEW FOUND TO SLAYER

Husband of Slain Woman Is Unmoved When He Visits Charnel House.

Attendants at the Woodmen's Sanatorium Say They Can Prove Alibi for Suspect.

COLORADO SPRINGS, Colo., Sept. 21.—The night did not help to unravel the mystery surrounding the murder of Mrs. Alice May Burnham and her two children and Henry F. and Blanche Wayne and their one-year-old babe, whose bodies were found brutally hacked with an axe yesterday afternoon and who probably met death late Saturday night or early Monday morning.

Arthur J. Burnham, husband of the murdered Mrs. Burnham, who has been employed at the Modern Woodmen Sanatorium, is still in custody. He maintains his innocence and declares that he was at the sanatorium at the time of the crime. His attitude, however, has led the officers to think that he knows more about the crime than he cares to admit.

### UNMOVED BY THE DEAD.

Burnham appears rather unconcerned. When taken into the presence of the dead in the charnel house and later at the morgue, he was unmoved. Officers at the sanatorium, where Burnham is employed, say they can account for his movements during the period in which the murders must have been committed. He quit work about 7 o'clock Sunday night, after being engaged for some time peeling potatoes, and the next day who occurred in the same cottage with him says that he heard him coughing at various times during the night.

The sanatorium is several miles from the city and the management says that none of its rigs was out during the night and that Burnham is too feeble to have walked such a distance.

### FLEES BY WINDOWS.

Another feature which mystifies the police is the fact that the murderer made his escape from both houses by a window. He entered the Burnham home by opening a rear window, as shown by a bottle of ink which he knocked over in entering, and the Wayne home by unlocking the rear door with a skeleton key.

In the absence of any clew to substantiate robbery as a motive for the murders, authorities here hold that the crime was committed by some enemy of one, if not both of the families. The two families, who lived in adjoining houses, were murdered with an axe, while they were asleep in their beds, indications pointing to the crime having been committed Sunday night.

Burnham, who is held by the police as a consummate and officials at the sanatorium say he is not physically strong enough to wield an axe as was done in the killing.

A chemical and microscopic examination of spots on Burnham's shoes and clothing, which resemble dried human blood, will be made today by the city chemist. A rag with which the murderer wiped his hands and the handle of the axe with which he slew his victims have been found saturated with blood. The Burnhams came originally from Leavenworth, Kans., and the Waynes were recent arrivals from Medaryville, Ind., where the bodies will be sent tonight.

LEAVENWORTH, Kans., Sept. 21.—Nothing is known here of Mrs. Alice May Burnham, found murdered in Colorado Springs, or of her husband, A. J. Burnham. A search was made through the records of the public institutions here but no trace of Burnham's name was found.

### KINDLING-WOOD TRUST TO BE PROSECUTED

NEW YORK, Sept. 21.—United States Attorney Frank H. Wise yesterday filed the petition in a dissolution suit under the Sherman law against the Standard Wood Company and twenty-one other defendants represented in the combination which controls that industry.

The petition states that the defendants have been and are now engaged in an unlawful conspiracy which directly restrains interstate trade and commerce in bundle kindling wood.

### RWARD INCREASED FOR CAPTURE OF BANK THIEVES

VANCOUVER, B. C., Sept. 21.—The rewards offered by the Bank of Montreal in connection with the recent \$258,000 New Westminster burglary have been increased to \$32,000, of which \$5,000 will be paid for any information leading to the arrest and conviction of the robbers, in addition to which ten per cent will be paid on all or any part of the money recovered.

### SAYS HARVESTER TRUST MUST GO

Attorney-General Avers That Combine Is Outside Missouri Law.

JEFFERSON CITY, Mo., Sept. 21.—At the request of the department of justice, Attorney General Major mailed to Washington today a copy of his statement, brief and argument in the state's ousted suit against the International Harvester Company. The company has been found guilty of violating the Missouri anti-trust law by a commissioner who heard the evidence and the case was submitted to the supreme court last April.

The proposed reorganization of the International Harvester Company, to conform to receipt interpretations of the Sherman anti-trust law will not affect the Missouri case, the attorney-general said.

The harvester company was organized in the same manner as the Standard Oil Company of New Jersey, and its organization cannot stand in the face of the decision of the supreme court of the United States in that case.

"The outer suit was brought under the common law, and the Missouri anti-trust law, which are broader than the Sherman law."

### JELLY AND BREAD LOOT OF THIEVES

Poplar Street Residence Entered During Last Night.

Apricot and peach jelly, butter and bread were stolen by burglars who last night broke into two residences. The first burglary reported was at the residence of C. T. Ferris, at 1237 Poplar street, whose house was entered through the basement. One dozen quarts of apricot jelly and one dozen quarts of peach jelly were taken.

The police have not advanced the theory that the same thieves entered the house of M. Martinez at 1704 Seventh street, but it is considered significant in forming such an inference that the burglars in this instance took two pounds of butter and two loaves of bread. They added \$1.75 to their loot. Entrance was effected by cutting the screen from the rear door and unlocking it from the inside.

Other thefts reported to the police this morning are as follows:

Mrs. T. Fernandez, 721 Center street, house stripped of lead pipe and gas fixtures; loss \$20.

Joseph Bentkayser of 1716 Fifth street, \$3 in coin stolen from room.

### DAPPER TRIO FACE COURT FOR THEFT

Harry Brooks, Frank Brittain, and H. F. Carter, three young men from Chicago caught by the police a few minutes after they are alleged to have successfully taken four gold watches at the jewelry store of W. N. Jenkins at 468 Twelfth street, were arraigned before Judge George Samuel this morning on burglary charges.

The cases were set over to September 27 for preliminary examination. The three men are still in custody.

### LIEUT. J. J. SIMONS

TO REMAIN IN PRIVATE HOMES

Oakland Citizens Volunteer to Hosts to Visitors From Across the Seas.

The 45 Australian boys of the League in San Francisco, who will come to this city on Wednesday, October 4, will remain four days in Oakland instead of the five originally planned.

This extension of time was made at the request of the Sons of St. George, who have petitioned to be allowed to entertain the boys on their own homes and who will act as hosts on Monday evening of the committee, and they are much pleased with the response of the citizens of Oakland in the matter.

The boys are under the leadership of Lieutenant J. J. Simons, member of the Commonwealth National Guard, and one of the features of their appearance here will be the international game of baseball scheduled for Saturday, October 1, at 2 p. m. at Fifth and Harrison streets, when the Australian boys will meet a team from some of the local grammar schools.

RECEPTION PROGRAM.

The preliminary program for the entertainment of Australian boys is as follows:

October 4, 10:30 a. m.—Arrive Chamber of Commerce; received by a public school band. Evening—Quartered at St. Mary's college.

October 5, 2 p. m.—Guests of the Pleasant luncheon, etc. Evening—Pay show in Auditorium St. Mary's college, 8 p. m.

October 6—Guests of Oakland Traction Co. in trolley ride, points of interest in Oakland. 12:00 noon—Luncheon at May Restaurant. Addresses of welcome by Mayor, October 9. This was decided upon at the meeting of the committee in charge of the boys' entertainment here.

LODGE IN PRIVATE HOMES.

This committee, of which H. E. Capwell, president of the Chamber of Commerce, is chairman, and George B. Dickie, director of playgrounds, secretary, has received so many requests for permission to entertain the boys that the boys will be lodged in private houses while in Oakland, and already the committee has been overwhelmed with requests from individuals asking to have some one of the boys to entertain them.

The coming of the boys to this city is assuming important proportions, in the Frank K. Mott and H. C. Capwell, president of the Chamber of Commerce, and Alfred Shattuck, director of Fremont high school. Evening—Under auspices of First Congregational church cadet corps. Evening—Guests at homes of Fremont high school boys for night.

October 7—Guests of the State Normal School, city hall; 10-12, guests of Oak-

land playground department at Bushrod park, Sixtieth street and Shattuck avenue, games and folk dancing; 12, guests of the Normal School, city hall.

October 8—Guests of the State Normal School, city hall; 10-12, guests of Oak-

### AUSTRALIAN BOYS BASE BALL TEAM!

### WATERFRONT SUIT ARGUMENTS BEGIN

The Jury Secured and Opening Statements Made in Action of City.

A jury having been secured late yesterday to try the suit of the City of Oakland against the trustees of the Samuel Merritt hospital for the condemnation of land lying between Washington and Clay streets and First street and the estuary, for waterfront purposes, City Attorney B. F. Woolner made his opening statement on behalf of the municipality this morning when Superior Judge John Ellsworth opened court. He then proceeded to develop before the jury a prima facie case on behalf of the city. This occupied most of the day.

With this as a working basis, the burden of proof as regards the valuation of the land in controversy now shifts to the defense, representing which are Attorneys M. C. Chapman, Eugene E. Trefethen, W. S. Godden, low and W. B. Bosley, and they will introduce testimony and evidence in proof of the Samuel Merritt hospital's claim that the property has a present valuation of over \$400,000. When the defense rests the city will endeavor to prove that the area of the land, as fixed by the low tide line of 1852, is not more than one-half what the plaintiff claims, and this will be done with rebuttal testimony.

The jury that is sitting in the case comprises Edwin Angwin, E. L. Baldwin, W. H. Billings, Edward C. Cole, T. Donovan, F. Delcopp, Theodore F. Hood, John E. Jenner, James Long, Adolf G. Otero, John C. Stanley and Peter von Ah.

### DRAGS AN AFFINITY INTO DIVORCE CASE

Basing his cross-complaint for a divorce on the request of the Sons of St. George, who have petitioned to be allowed to entertain the boys on their own homes and who will act as hosts on Monday evening of the committee, and they are much pleased with the response of the citizens of Oakland in the matter.

This extension of time was made at the request of the Sons of St. George, who have petitioned to be allowed to entertain the boys on their own homes and who will act as hosts on Monday evening of the committee, and they are much pleased with the response of the citizens of Oakland in the matter.

LODGE IN PRIVATE HOMES.

This committee, of which H. E. Capwell,

president of the Chamber of Commerce, is chairman, and George B. Dickie, director of playgrounds, secretary, has received so many requests for permission to entertain the boys that the boys will be lodged in private houses while in Oakland, and already the committee has been overwhelmed with requests from individuals asking to have some one of the boys to entertain them.

The coming of the boys to this city is assuming important proportions, in the Frank K. Mott and H. C. Capwell, president of the Chamber of Commerce, and Alfred Shattuck, director of Fremont high school. Evening—Under auspices of First Congregational church cadet corps. Evening—Guests at homes of Fremont high school boys for night.

October 7—Guests of the State Normal School, city hall; 10-12, guests of Oak-

land playground department at Bushrod park, Sixtieth street and Shattuck avenue, games and folk dancing; 12, guests of the Normal School, city hall.

October 8—Guests of the State Normal School, city hall; 10-12, guests of Oak-

NEW YORK, Sept. 21.—A nurse maid wheeled the dead body of a year-old baby up and down a Bronx park boulevard for three hours last night, thinking that the child was sleeping peacefully. Then she patted the cheek of the baby and noticed that the cheeks were cold. She called

to the mother in her apartment window that the child had caught cold.

The mother hurried to the street and lifted the baby from the carriage, then fainted when she realized that the child was dead. An ambulance

surgeon said death was due to malnutrition.

Whether Dr. Grant Lyman, high finan-

cial, who is being detained in Providence hospital on a Federal charge of usury, is involved in fraudulent purpose

connection with his "go-rich-quick

schemes," married Miss Maud Lehman of New York after she joined him in Los Angeles.

Miss Lehman is a question that is causing

wishes of her parents.

She left Los Angeles at the time of the marriage and went to the Lehman's home in Spencer Arms, New York. It was announced there early in the week that Miss Lehman expected to sail for Europe in a day or two.

Miss Lehman is a slender, blonde woman, whom Dr. Lyman introduced as his wife both in San Francisco and Los Angeles.

While in San Francisco the doctor and the woman whom he was wife stopped at the Union Square Hotel.

Dr. Lyman's first wife was Miss Alice Brown, daughter of a wealthy family of Pasadena. Before they separated it was reported that Lyman had influenced his financial enterprises, all of which money subsequently vanished.

Dr. Lyman will not discuss his rela-

tions with Miss Lehman. He denied him-

self to all callers at the hospital.

## Fleet to Be Absent Two Months

Pacific Squadron Will Not Return From Hawaii Until November 15.

Scene of Winter Cruise of the Atlantic Ships Causes Speculation.

WASHINGTON, Sept. 21.—When the Pacific fleet, accompanied by the first and second divisions of the Pacific torpedo squadron, sails from San Francisco for Hawaii November 15 it will not return to California waters until January 15.

The collier Nero, now fitting out at New York, will sail around the continent for San Francisco as soon as she is ready for sea. She will be attached to the Pacific fleet.

Much speculation is rife in naval circles as to the scene of the winter cruise of the Atlantic fleet.

The matter is in the hands of Secretary Meyer. Preparatory to the cruise, the first, second, third and fourth divisions of the fleet were ordered today to rendezvous in Hampton Roads, October 1. The Delaware, Kansas, Idaho, and Rhode Island, which are being overhauled at their home yards, will not join the divisions until December 15.

Following the publication of this fact in the newspapers, she began to receive letters from friends and some from persons unknown to her, begging her to submit to the treatment and detailing the horrors of the malady.

The lurid letters seemed to cause a change in her health and she gradually grew weaker and more nervous until pneumonia ensued.

When she was told that death was imminent, Mrs. Ross expressed a last wish that her three favorite pets be chloroformed. She leaves no relatives and feared they would not receive proper care. Mrs. Ross is said to have won more prizes with her dogs than any other woman

'HANGING IS MORE  
HUMANE THAN  
JAILING'

Divinity Professor Would Improve Rather Than Punish Man.

## PROPOSES TEARING DOWN ALL PRISONS

Put the Offenders to Work On Farms. Recommends Prof. H. S. Morgan.

BERKELEY, Sept. 21.—Prof. H. S. Morgan told his class in civics this morning at the Unitarian Divinity School that hanging is more humane than our present prison system and that if he could have his way he would ask that every jail in the United States be torn down.

"If you combine men and women," he said, "let them live out in God's open air on farms. Let them work hard every day. Hard work is what they need. Give them instruction also. In doing that you will save human life and millions of worthless dollars."

## IMPROVE MAN.

"Air, sunshine, water, good food, clothing, plenty of work, and moral instruction are all essential. We have substituted improvement of the prisoner for the notion of punishment. We have as society no right to punish a man. We have simply the right to protect ourselves. We must organize jails so as to benefit the man. He is in jail for the protection of society but it is blind in embittering him. Jail is a place for the criminal who has not adjusted himself to society, who needs education, especially moral education for adjustment to the ethical life."

"We treat a prisoner as though he had lost every fibre of humanity, like a senseless machine, using stripes, lockstep, little quarters."

## HANGING MORE HUMANE.

The original English system of handing criminals is better.

"We ought to make conditions such that the man can be made better."

"We treat the released prisoner as though we had ceased to believe in the possibility of a man getting better, or else we are not willing to take the risk. I contend that ninety per cent of the people in jail are all right, and that some of them are better than some people not in jail who ought to be there."

## RING FALSE ALARM.

Trouble was at high pitch when she came home with a new fall hat. He rang her ears, but found it was a false alarm after she explained how easily she paid for it on the California "Credit" Plan, 59 Stockton St., upstairs. Advt.

## Beavers Annex Another Game and Oaks' Chances for Pennant Are on Toboggan

### BUT LITTLE HOPE IS LEFT FOR OAKS IN PENNANT RACE

#### Beavers Win Second Game From Wolverton's Men After Desperate Struggle on the Ball Field

PORLAND, Sept. 21.—Another extra inning game was played here yesterday, the Beavers taking ten innings to defeat the Oaks by a score of 3 to 2.

For the extra inning Bill Lindsay, second baseman of the Portland club, is entirely and solely responsible, his miff of a low liner letting in two Commuters in the ninth inning. However, the miff came out all right for the Beavers in the tenth, when Roger Peckinpaugh swatted the ball hard with two out and the bases full.

"Speck" Harkness, who has displayed little form since he came back from Cleveland, was dishing the shoots for McCredie, and opposed to him was Abies Harkness had the better of the argument, holding the hostile scoreless until the ninth, when Lindsay contributed his sorry effort. The Beavers had previously acquired two runs.

The fleetness of Lindsay in the fourth figured in the first tally. He was the first man up, and he beat out a bunt. Rapps sacrificed him, and Ryan's bunt put Lindsay on third. He scored from the last station by beating it home on Rapp's short bunt.

In the eighth Chadbourne was safe on an error of Ables after Harkness had fanned. "Cha!" took second on Lindsay's sacrifice. Then Bill Rapps came into the spotlight with a three-bagger and Chadbourne tallied the second run for the home team.

#### BEAVERS IN TROUBLE.

In the ninth Wolverton sent Pearce to bat for Ables. Harkness wobbled a bit and gave Pearce a pass to first. Hoffman singled to left. Two men were on bases with none out. Coy sacrificed, Sheehan to Apps, and Tyler Christian, who ran for Pearce, reached third and Hoffman scored. Patterton hit a wild pitch—Agnew. Time of game, 2:30. Umpire—McGreevy.

STILL THEY SHOW THE YELLOW.

LOS ANGELES, Sept. 21.—The Vernon Tigers overwhelmed Sacramento yesterday in the first game of the series. The score was 8 to 2, and the result was not in doubt after the second inning, by which time Vernon had tallied six runs. Pitt pitched good ball for the Vets, and kept the bingles well scattered. What can be said of Knight, who went on the bench for the Solons. He had no nerves for the Highgates, and in the third he was only too glad to turn the job over to Thompson. Vernon was strong with the stick, especially knocking the ball into all corners of the lot. There was a good crowd on hand to cheer the pennant contenders. Score: 8-2.

Score by innings:

S. Francisco	0	1	0	0	0	2	1	2	5
Base hits	0	1	2	1	0	3	1	2	10

#### SUMMARY.

Off Leverenz 1 run and 3 hits in 2 1/2 innings. To Agnew 2 runs and 3 hits.

Two base hits—Miller, Powell, White, Johnson. Sacrifice hits—Johnson, Heitmuller, Miller. Stolen bases—Howard (2), Dailey, Dillon. First base on called balls—Off. Hit by pitcher—Miller, 6, by Agnew 1. Wild pitch—Agnew. Time of game, 2:30. Umpire—McGreevy.

CLEVELAND, Sept. 21.—The Cleveland Baseball club today released nine minor league recruits. Howley, Hirsch, Doane and Coltrin will be sent to Portland, Oregon.

#### Diamond Dust

Hope has about died. Two straight defeats in the North in the hands of the Beavers has greatly dimmed the chances of Oakland finishing out in front.

There isn't much use to talk about the luck of the game, but things have broken out for the Beavers in the North and two of his three best batters have so much as expected, faltered and in the final rounds lost out.

This much, though, pennant or no pennant, Oakland has made a gallant try, and with such luck as the Beavers and Hooligans would now be in a commanding position.

In the South yesterday Happy Hogan went into the Senators and gave the Quitters a merry time, winning four points separate. Happy and Mac, and these two look like the men that will fight it out for the pennant.

But the announcement was made yesterday that Oakland had tied it up with Portland the day before. Some of it was for Oakland and some for Happy, for the fans would rather see him win the pennant than the fellow up North.

Not finding anything from McCredie, for he is a good hustling base ball man, Happy Hogan is deserving of all the fame and glory he can get.

He is in the game all the time and a happy player, never does anything that brings disgrace to himself or the game.

SEALS WIN ONE AGAIN.

SAN FRANCISCO, Sept. 21.—Barring a lot of wildness Iron Man Miller pitched an excellent game for the Seals here yesterday afternoon and with the aid of his assistants managed to nose out the Berryites.

On the other hand Laverenz, who started for the Angels and Agnew who finished, were pounded hard and the Seals bangles came at the most opportune time.

The game was somewhat long drawn out due to the slowness of the players in getting on and off the field but sev-

#### HILTON PLAYS GREAT GAME WITH C. EVANS

SOUTHAMPTON, N. Y., Sept. 21.—Harold Hilton is still as much a champion as ever, for he defeated Chick Evans yesterday by 3 up and 2 to play in the final round of the invitation tournament on the national golf links. The result was 38 holes and the morning and afternoon games were remarkably alike. Evans did great work for the first two-thirds of the journey in each case and then blew up.

JEFFRIES ON WAY DOWN.

SEWARD, Alaska, Sept. 21.—Jim and Jack Jeffries arrived from the Kenai river country, where they have been hunting several weeks. They killed seven bears, mountain sheep and one moose.

The brothers will soon go to the Northwestern next Saturday for Seward, the way to the bedside of their mother, who is ill in Los Angeles.

WHITE UP BEFORE COMMISSION.

NEW YORK, Sept. 21.—The New York State Athletic Commission yesterday afternoon summoned Charley White, the boxer, to appear before them "tomorrow and show cause why his license should not be revoked for failing to stop the bout between Carl Morris and Jim Flynn last Friday night."

BEFORE YOU REACH THE LIMIT.

NEW YORK, Sept. 21.—The Craggen maiden two-year-old plate of 102 sovereigns, distance five furlongs, run at the Western meeting here yesterday, was won by H. F. Whitney's Evening Star, which was second and the Jelba filly third.

Can the little woodsman stop the Beavers from cutting down any more of his timber?

### RIVAL HIGH SCHOOL RUGBY TEAMS IN FIERCE BATTLE

Oakland and Cogswell Play An Exciting Contest, Which Ends in a Tie Score.

The Oakland Polytechnic high school Rugby team played the Cogswell Polytechnic college team on Saturday afternoon, to a tie game of 13 points to 13 in a hard fought game of football played at Peralta Field, Lake Merritt.

Both teams scored a try, but in each case the kick to convert the goal failed. Pitt showed a big improvement in the scrum, dribbling and passing to that exhibited in previous games. De Soto and Arthur were the star performers for the local 13.

Both teams are about equal in strength and showed good fighting spirit although the players were rather ragged. The tackles were not executed well, most of them being illegal, and the scrums were not as good as those of the Cogswells, but the latter made up for this by the strong defense put up by a good set of backs. All of the scoring was done early in the first half.

FREMONT VS. BERKELEY HIGH.

The crack Rugby teams of the Fremont and Berkeley high schools, with class, met yesterday morning at the State League grounds in the first game played between the rival high schools this season. From present indications the game will be a tie, as the respective championship teams of the bay cities.

Both teams are determined to win and will be supported by a rooting section. Fremont High will not play Saturday in order to give the team a day's rest and to allow the many disabled players to recuperate their strength. The local boys are in a pretty bad condition owing to the many hard played games they have engaged in for the past week. The present University of the Pacific and California Football teams will meet hard on some of the star players, and Coach Everett Brown does not wish to run any risks with his best men.

Some of the members of last year's team decided to organize their own team, but not having the organization of the club, they disbanded them and forced to play under another name.

Manager Green has arranged a series with the crack Brooklyn team of San Francisco for three games, one in October, one on Thanksgiving and one on Christmas.

Various practice games have been arranged with the army and navy teams, dates of which will be announced later.

### SAILOR LADDIES SHOW AUSTRALIANS HOW TO PLAY BALL

The Pensacola team of the naval training station at Goat Island yesterday defeated the Young Australia league baseball nine by a score of 13 to 5. The boys from the antipodes showed better form in their first game with the San Francisco boys, and Pitcher Williams held the fast training ship team down to only six hits.

The fielding of the Australians was poor, however, and this was responsible for the loss of the game, as the players on the Ruby field daily is considered to be the most propitious sign that the gap left by the absence of the young stars, Coaches Faulkner and Davy, had pressed themselves as being highly pleased with the results achieved since.

The advance of new students at the local college who are participating on the Ruby field daily is considered to be the most propitious sign that the gap left by the absence of the young stars, Coaches Faulkner and Davy, had pressed themselves as being highly pleased with the results achieved since.

In preparation for their initial skirmish of the season, a practice game was played between the varsity and a squad representing a second team yesterday.

The Oakdale High school fifteen will be the first team the collegians will line up against.

Representatives from St. Mary's and Santa Clara colleges, the two big Catholic institutions who clash for annual supremacy, will meet in a conference on Saturday afternoon, Sept. 28, at the local college. An exchange of the list of eligibles and the discussion of the same for annual games will be the chief topics under consideration.

Father White will represent St. Mary's, the St. Ignatius College grounds have already been decided upon and the date of the game will be named at the forthcoming conference.

#### FALL TRACK MEET.

BERKELEY, Sept. 21.—The first fall track meet under the auspices of the P. G. C. will be held on the University of California track over three weeks from tomorrow to Nov. 1. The track and grandstand events will be arranged for the meet. Track team Christie of the university track team, center a squad of men in the meet, definite announcement of which will be made later.

#### WHITE UP BEFORE COMMISSION.

NEW YORK, Sept. 21.—The New York State Athletic Commission yesterday afternoon summoned Charley White, the boxer, to appear before them "tomorrow and show cause why his license should not be revoked for failing to stop the bout between Carl Morris and Jim Flynn last Friday night."

# WHITE SLAVER IS ADJUDGED GUILTY

B. H. Fisher Youngest Offender of That Character Before Federal Court.

SAN FRANCISCO, Sept. 21.—J. H. Fisher, an 18-year-old youth, today was found guilty by a jury in the United States District Court, sitting in the Mann White Slave law, and will be sentenced on Monday. Fisher is accused of bringing into this city from Denver, Agnes Dusack, 10 years his elder, and placing her in a house of ill fame. For this he was indicted by the federal grand jury and fled to Kansas City. He was arrested there and brought here for trial by a deputy marshal. Fisher is one of the youngest white slavers ever enmeshed in the toils of the law.

## FURTHER CHARGES ARE MADE IN BRIGGS CASE

SAN FRANCISCO, Sept. 21.—Further charges of irregular financing by the late Arthur E. Briggs, former president of the State Board of Trade and Guy Van Alstyne, an attorney, were made by Mrs. Rose M. Kydd of Oakland to a suit brought by Benjamin H. Brainard to collect the amount of a \$1000 note. She charges that Briggs and Van Alstyne entered into a secret arrangement with John F. Pratt and William E. Grisby, brokers, to manipulate stock values of the Western States Life Insurance company, of which Briggs was president and Van Alstyne vice-president; securing a \$10,000 fine against Van Alstyne and the Briggs company charging that the insurance company forced them to yield up a large part of their commissions on sales of the stock.

## DECISION RENDERED IN COLORADO DESERT CASE

SAN FRANCISCO, Sept. 21.—The Supreme Court handed down an opinion late yesterday afternoon deciding a point of litigation involving the California Development Company, a Colorado desert irrigation concern now in the hands of a receiver in connection with which Frank Shay, Southern Pacific attorney in this city, was adjudged guilty of contempt of court and sentenced to pay a fine of \$500. The decision confirms the appointment of Receiver Ireland, the legality of which was attacked by the New Liverpool Salt Company.

## ESHLEMAN UNABLE TO ATTEND LEAGUE BANQUET

Owing to pressing engagements, John R. Eshleman, president of the railroad commission of California, will not attend the dinner to be given tomorrow evening by the Men's League of the Pilgrim Congregational church, Eighth avenue and East Fifteenth street, where he was to have been one of the speakers of the evening. Colonel H. D. Loveland and Alexander Gordon have been invited with R. S. Gray to address the society on that occasion.

CLAIMS DISCOVERY  
OF 'PLAQUE' CURE

Dr. August Schaefer to Combat Consumption in Its Early Stages.

SAN FRANCISCO, Sept. 21.—Hope for those in the preliminary stages of tuberculosis is held out in reports from prominent San Francisco physicians who are making an exhaustive investigation of a serum recently discovered by Dr. August F. Schaefer of Bakersfield.

Announced a year ago, the Schaefer serum was received with skepticism by medical men in many parts of California. Schaefer, when he attempted to tell of his discovery before the Medical Society of San Francisco last winter, was almost driven from the assembly by such a storm of opposition that one after-case has been cured by his serum. After hearing of many successes in the practices of prominent San Francisco physicians, Schaefer asserted yesterday that the serum had been used successfully as a positive cure in the earlier stages and as of great assistance in advanced infection.

## SEES HIS SERUM AT WORK

Schaefer, who is a guest at the Hotel St. Francis, had just seen several cases under treatment with his serum at the Southern Pacific hospital and in the offices of local physicians. He said that it is positive in early cases in which the disease has not advanced to the stage where cavities are formed in the lungs. The physician talked of his work reluctantly, still fearing misconception of his findings by the skeptics.

No promise is made that the treatment will fill lung cavities, though in several advanced cases at the Southern Pacific hospital a remarkable improvement has been noted.

Dr. Schaefer says that the difference between his treatment and those of other investigators lies in the fact that although others have fought tuberculosis as an entity, he is fighting it as a complication of disease, believing that the work of the tubercle bacillus is aided by that of other germs.

Not a drop of the serum has been sold.

Dr. Schaefer, it is said, has expended \$50,000 in his money in making his serum investigation, which includes experiments with rheumatism, pneumonia and other serums.

A firm of manufacturing chemists has spent \$50,000 more on the serum, and expects to go as high as \$300,000 before finally determining to put its name on the remedy.

STUDENTS GOING  
TO THE BOW-WOWS

Preacher Says That Dyed-in-the-Wool Methodist Turned Episcopalian.

CHICAGO, Sept. 21.—One Methodist preacher, sometimes in the United States, believes college students of the country are going straight to the bow-wows down the dancing trail.

This clergymen announced his conviction in a straw vote of Methodist preachers throughout the country, taken by A. W. Harris, president of Northwestern University, the largest Methodist university, who asked for general criticism on the Christian standing of students.

The vote, however, was almost unanimous in declaring that Christianity is not foreign to students.

Another minister charged colleges with allowing young men to lose caste in the Methodist faith. He cites a case where a dyed-in-the-wool Methodist was turned out of school a full-fledged Episcopalian.

NEW SERVICE PLANNED  
BY WESTERN PACIFIC

A new through train service will be inaugurated by the Western Pacific, starting with train No. 4, September 24, which will include throughout standard and tourist sleepers for Chicago via the Western Pacific, Denver and Rio Grande, to Denver, Union Pacific and Chicago; North Western, arriving at Chicago at 1:30 p. m. on the fourth day.

The Western Pacific morning train, No. 2, will leave at 8:33 a. m. and will consist of a standard sleeper to Denver and both standard and tourist sleepers to St. Louis, which will be operated over the Western Pacific, Denver and Rio Grande, via Denver and Kansas City, arriving at St. Louis at 7 a. m. the fourth morning.

KILLS FLEEING SOLDIER.

VANCOUVER, Wash., Sept. 21.—Harry L. Llewellyn, 25 years old, a member of company A, First Infantry, was shot by Police Officer R. L. Burkhardt early yesterday and died on the operating table at the Post hospital, Vancouver barracks. Llewellyn had been arrested for alleged disorderly conduct and was being taken to the police station handcuffed. Just as the officer and the soldier reached the door of the police station, Llewellyn broke away and ran. Burkhardt drew his pistol and fired at the fleeing soldier, the bullet entering the right kidney.

It's foolish to attempt to cover up or hide a sallow complexion, when you can so easily remove the sallowness, or the complexion itself. Rouge and the like on a dead-white skin only emphasizes the defect. The better way is to apply some mineralized wax—the same as you would cold cream—putting it on at night, removing it in the morning with warm water and soap, following with a dash of cold water. The effect of a few applications is simply marvelous. The half-dead cuticle is absorbed by the wax—painlessly, gradually, in tiny imperceptible particles—revealing the beautiful velvety white new skin beneath.

A woman need have a sallow, blotchy, pimply or cracked complexion if she'll just go to the druggist's, get some good mineralized wax and use as suggested.—Woman's Realm.

## OAKLAND'S BOYS AND GIRLS

OFFICIALS ELECTED  
FOR NEW SCHOOL  
SYSTEM5-YEAR-OLD GIRL  
HOSTESS AT PARTY

STELLA VAN SYCLE RUSH  
—Scharz Photo.

Stella Van Sycke Rush made a very charming hostess on Monday afternoon when she entertained twenty of her playmates and friends at the home of her parents, Mr. and Mrs. C. Rust of Mesa avenue. Piedmont, the occasion being the celebration of her fifth birthday.

A large number of bids are being sent out for the semi-annual dance of the Senate and Ecclesia Debating societies will be held next Tuesday afternoon at the local high school. The former society is composed of boys while all the members of the Ecclesia are girls. The program will include a debate, speeches and a dance in the school gymnasium. H. W. Edwards is faculty advisor of the Senate and Miss Annie W. Fraser has charge of the Ecclesia.

A joint meeting of the Senate and Ecclesia Debating societies will be held yesterday at the school. Very little enthusiasm was aroused over the election which resulted in naming a committee of three boys and three girls to see to the conduct of the school. The candidates included Norma Dearborn, Caroline Ketcham, Alice Watson, Dorothy Sanborn, Gertrude Allen, Mildred Cook, John Howard, Frank Stewart, Ed Skinner, Archie McDowell and Paul Kruger.

After some merry "Mother Goose" games, conducted by her mother, the children marched into the dining room, where a most inviting spread awaited them. The rooms and table were beautifully decorated in white and yellow, and each child received an interesting little favor.

Her guests were:

Louis Reis	Elsie Dodge
Alice Quigley	Evelyn McCracken
Clifford Nelle	Nancy McWay
Clifford McDowell	Florence Jackson
Eileen Snyder	Martha Ireland
Allen Douglass	Florence Jeffery
Jack McMath	Robert Gaylord
Carroll Trifilien	Dorothy Van Rhom
Dorothy Trifilien	Katherine Axton
Marjory Powell
